THE FUND AT A GLANCE

Investment Objective. The Fund seeks capital appreciation.

Principal Investment Strategy. The Fund invests, under normal conditions, at least 80% of its assets in a diversified portfolio of equity securities of companies located outside of the United States. The Fund invests primarily in large- and mid-cap companies with market capitalizations of \$3 billion or more at the time of investment. The Fund invests primarily in developed countries but may invest up to 20% of its total assets in securities of companies that trade in emerging or developing markets. In constructing a portfolio for the Fund, the Fund's subadviser, Mastholm Asset Management, LLC ("Mastholm"), emphasizes companies, industries and countries that it believes have superior long-term growth potential.

Principal Risk Factors. The main risks of investing in the Fund are:

Market Risks. The Fund's investments are subject to market risk, which may cause the value of the Fund's investments to decline. If the value of the Fund's investments goes down, you may lose money. The share price of the Fund is expected to fluctuate. Your shares at redemption may be worth more or less than your initial investment.

Stock Selection Risks. The stocks selected for the Fund may decline in value or not increase in value when the stock market in general is rising.

Equity Securities Risks. The Fund will normally invest at least 80% of its assets in common stocks and other equity securities. Common stocks and other equity securities generally fluctuate in value based on the earnings of the company and on general industry and market conditions. A fund that invests a significant amount of its assets in common stocks and other equity securities is likely to have greater fluctuation in share price than a fund that invests a significant portion of its assets in fixed income securities.

Foreign Securities Risks. The Fund invests predominately in securities of companies in foreign countries. Foreign investments involve additional risks, including less liquidity, currency-rate fluctuations, political and economic instability, differences in financial reporting standards and less strict regulation of the securities markets compared to U.S. markets.

Liquidity Risks. Liquidity risk is the risk that certain securities may be difficult or impossible to sell at the time and price that Mastholm would like to sell. Mastholm may have to lower the price, sell other securities instead or forego an investment opportunity, any of which could have a negative effect on Fund management or performance. As noted below, recent market conditions have caused the markets for some of the securities in which the Fund invests to experience reduced liquidity.

Mid-Cap Companies Risks. The mid-cap companies in which the Fund may invest often have narrower markets and more limited managerial and financial resources than larger, more established companies, and, therefore, may be more vulnerable to adverse business or economic events than larger companies. As a result, the performance of mid-cap companies may be more volatile, which could increase the volatility of the Fund's portfolio. Moreover, the securities of mid-cap companies tend to be less liquid than securities of larger companies.

Currency Risks. Investments in foreign securities denominated and traded in foreign currencies involve additional risks. The value of the Fund's foreign securities as measured in U.S. dollars may be affected unfavorably by changes in foreign currency exchange rates. In addition, the Fund may incur costs in connection with conversions between various currencies.

Emerging Markets Risks. The risks of foreign investments typically are greater in emerging markets. Less developed countries may have smaller securities markets and lower trading volumes, which may lead to greater price volatility. These countries may have less developed legal and accounting structures and are more likely to experience high levels of inflation, deflation or currency devaluations, which could adversely affect their economies and securities markets.

THE FUND AT A GLANCE *(continued)*

Region or Sector Risks. The Fund may invest a higher percentage of its total assets in a particular region or sector of international markets. In such a case, changes affecting that region or sector may have a significant impact on the Fund's overall portfolio.

Management Risk. The Fund is subject to management risk as an actively-managed investment portfolio. Mastholm and each individual portfolio manager will apply investment techniques and risk analyses in making investment decisions for the Fund, but there can be no guarantee that these will produce the desired results. If Mastholm is not able to select better-performing securities, the Fund may lose money.

High Portfolio Turnover Risk. The Fund may trade actively and experience a high portfolio turnover rate (over 100%). High portfolio turnover is likely to lead to increased Fund expenses, such as brokerage commissions and other transaction costs. Additionally, a high portfolio turnover rate may result in higher short-term capital gains taxable to shareholders and in lower investment returns. It is expected that the Fund will experience a high portfolio turnover during an initial period of transition when securities currently held in the portfolio are repositioned in connection with the change to Mastholm as subadviser, which is further described under "Fund Management—Recent Events."

Recent Market Conditions

During 2008 and 2009, U.S. and international markets have experienced dramatic volatility. The securities markets have experienced substantially lower valuations, reduced liquidity, price volatility, credit downgrades, increased likelihood of default and valuation difficulties. As a result, many of the above risks may be increased. The U.S. and foreign governments have taken various steps to alleviate these market concerns. However, there is no assurance that such actions will be successful. Continuing market problems may have adverse effects on the Fund.

Who Should Invest. The Fund is suitable for long-term investors only and is not designed as a short-term investment vehicle. The Fund may be an appropriate investment for you if you:

- Seek capital appreciation; and
- Want to include an international equity fund in your portfolio.

Performance Bar Chart and Table. The return information provided in the following bar chart and table illustrates how the Fund's performance can vary, which is one indication of the risks of investing in the Fund. The bar chart shows the changes in the Fund's performance from year to year. The table shows how the Fund's average annual returns compare with a broad measure of market performance. Please keep in mind that the Fund's past performance (before and after taxes) does not necessarily represent how it will perform in the future. Mastholm assumed its role as subadviser of the Fund effective October 12, 2009. The performance results shown in the bar chart and table are from periods in which the Fund was managed by another subadviser.

THE FUND AT A GLANCE (continued)

The Fund's return from January 1, 2009, through September 30, 2009, was 18.15%.

**Best and Worst Quarterly Performance
(during the periods shown above)**

Best Quarter Return	Worst Quarter Return
8.22% (3rd quarter, 2005)	(20.92)% (3rd quarter, 2008)

The after-tax returns shown in the following table are intended to show the impact of assumed federal income taxes on an investment in the Fund. The "Return After Taxes on Distributions" shows the effect of taxable distributions (dividends and capital gains distributions), but assumes that you still hold Fund shares at the end of the period. The "Return After Taxes on Distributions and Sale of Fund Shares" shows the effect of both taxable distributions and any taxable gain or loss that would be realized if Fund shares were sold at the end of the specified period. The after tax returns are calculated using the highest individual federal marginal income tax rates in effect and do not reflect the impact of state and local taxes. In certain cases, the "Return After Taxes on Distributions and Sale of Fund Shares" may be higher than the other return figures for the same period. This will occur when a capital loss is realized upon the sale of Fund shares and provides an assumed tax benefit that increases the return. Your actual after-tax returns depend on your tax situation and may differ from those shown. The after-tax returns are not relevant if you hold your Fund shares through a tax-deferred account, such as a 401(k) plan or an individual retirement account ("IRA").

⁽¹⁾ The MSCI EAFE Index is a free float-adjusted market capitalization index that is designed to measure the equity performance of developed markets, excluding the United States and Canada, and consists of the developed market indices of 21 countries within Europe, Australasia and the Far East. The index does not reflect investment management fees, brokerage commissions and other expenses associated with investing in equity securities. A direct investment in an index is not possible.

FEES AND EXPENSES OF THE FUND

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees

(fees paid directly from your investment) ⁽¹⁾	NONE
Redemption/Exchange Fee (as a percentage of amount redeemed) ⁽²⁾	2.00%

Fee Waiver ⁽⁶⁾	<u>(0.41)%</u>
Net Expenses	<u>0.75%</u>

⁽¹⁾ The Fund will charge a service fee of \$25 for checks that do not clear and may impose a service fee of \$15 on shares redeemed by wire.

⁽²⁾ A redemption/exchange fee of 2.00% of the then current value of the shares redeemed may be imposed on certain redemptions or exchanges of shares made within 30 days from the date of purchase.

⁽³⁾ Stated as a percentage of the Fund's average daily net assets.

⁽⁴⁾ The Fund's investment adviser, Frontegra Asset Management, Inc. ("Frontegra" or the "Adviser"), waived a portion of its management fee during fiscal 2009 pursuant to the expense cap agreement described below. The management fees paid by the Fund (after the contractual waiver) were 0.54%

⁽⁵⁾ Also included in "Other Expenses" of the Fund are fees and expenses incurred by the Fund in connection with its investments in other investment companies, which are referred to as "acquired fund fees and expenses."

⁽⁶⁾ Pursuant to an expense cap agreement between Frontegra and the Company, Frontegra has agreed to waive its management fee and/or reimburse the Fund's operating expenses to the extent necessary to ensure that the Fund's total operating expenses do not exceed 0.75% of the Fund's average daily net assets. The expense cap agreement will continue in effect, until October 31, 2010, with successive renewal terms of one year unless terminated by Frontegra or the Company prior to renewal. "Other Expenses" are presented before any waivers or expense reimbursements.

Example

The following example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year, that your dividends and distributions have been reinvested, that the Fund's operating expenses remain the same each year and that Frontegra's fee waiver/expense reimbursement discussed above will not continue beyond October 31, 2010. Although your actual costs may be higher or lower, based on these assumptions, your costs would be as follows:

<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>

The Fund invests primarily in equity securities of companies located outside of the United States. Under normal market conditions, the Fund invests at least 80% of its assets, determined at the time of purchase, in these securities. Shareholders will be provided with at least 60 days' prior notice of any change in this policy. The Fund invests primarily in large- and mid-cap companies with market capitalizations of \$3 billion or more at the time of investment. The Fund invests primarily in developed countries but may invest up to 20% of its total assets in securities of companies that trade in emerging or developing markets.

Equity securities in which the Fund may invest include common stocks, preferred stocks, warrants to purchase common stocks or preferred stocks, securities convertible into common or preferred stocks, American Depositary Receipts, European Depositary Receipts or other similar securities representing common stock of non-U.S. issuers.

The Fund may invest up to 100% of its total assets in cash and short-term fixed income securities as a temporary defensive position during adverse market, economic or political conditions or in other limited circumstances, such as in the case of unusually large cash inflows or redemptions. When so invested, the Fund may not achieve its investment objective.

I N V E S T M E N T P R O C E S S

In constructing a portfolio for the Fund, Mastholm implements a bottom-up all capitalization growth investment approach, primarily in developed markets. Mastholm screens the Bloomberg database of non-U.S. companies on a daily basis to identify stocks with accelerating earnings or positive news impacting current or future earnings. Companies that pass their initial screens are reviewed to identify purchase candidates ideally with several of the following characteristics:

- Clarity of accounting and confirmation of real earnings growth
- Operating results significantly higher than analysts' expectations
- Wide divergence of analysts' expectations
- Stock price below historical average range
- Trading liquidity that meets guidelines

FRONTEGRA FUNDS

INVESTMENT PROCESS *(continued)*

Candidates with these characteristics become the highest priorities for fundamental research by the six person investment team. Fundamental research is allocated among the portfolio managers or analysts based on country or industry expertise. The investment team meets daily to review existing holdings and new investment candidates.

The fundamental analysis process is designed to uncover catalysts that drive earnings that might not be fully recognized by the market. Industry analysts are contacted to discuss the assumptions that led to their original earnings forecast, companies are then contacted to discuss how their explanation differs from that of industry analysts and to identify trends not recognized or fully discounted by the market. Competitors, suppliers and vendors are questioned to cross-reference the information garnered from analysts and companies. The portfolio managers spend a significant amount of time visiting with companies abroad that are in the portfolio or under consideration.

Investments are primarily concentrated in developed markets, with a limit of 20% of the Fund's total assets in non-index emerging markets countries. Mastholm tends to remain fully invested in stocks at all times, and does not hedge currencies except under rare circumstances.

Mastholm does not manage the Fund to a benchmark, but the investment team pays close attention to the country, sector and industry deviations of the portfolio relative to the broader EAFE Index and the EAFE Growth Index. Initial position sizes are typically between 50 and 100 basis points of assets and a full position size is 200-300 basis points. The maximum amount in any given stock is 5% of the Fund's total assets.

Securities are trimmed or sold for several reasons, including when earnings catalysts are fully recognized by the market or when a position is replaced by a stronger candidate. Stocks are also monitored for performance relative to the local market, broad index, sector and industry on a trailing 30-day basis. Stocks that underperform two or more of these factors by more than 7% on a relative basis are typically trimmed or sold.

FINANCIAL HIGHLIGHTS

The financial highlights table describes the Fund's financial performance for the past five fiscal years. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate that an investor would have earned (or lost) on an investment in the Fund for the stated period (assuming reinvestment of all dividends and distributions). The information has been audited by Ernst & Young LLP, whose report, along with the Fund's financial statements, is included in the Fund's annual report, which is available upon request.

FUND MANAGEMENT

Board of Directors. Under the laws of the State of Maryland, the Board of Directors of the Company (the “Board of Directors”) is responsible for managing the Company’s business and affairs. The Board of Directors also oversees duties required by applicable state and federal law. The Company has entered into an investment advisory agreement with Frontegra pursuant to which Frontegra supervises the management of the Fund’s investments and business affairs, subject to the supervision of the Company’s Board of Directors. Frontegra has entered into a subadvisory agreement with Mastholm under which Mastholm serves as the Fund’s portfolio manager and, subject to Frontegra’s supervision, manages the Fund’s portfolio assets. Frontegra provides office facilities for the Fund and pays the salaries, fees and expenses of all officers and directors of the Fund who are interested persons of Frontegra.

Adviser. The Company is managed by Frontegra, which supervises the management of each Fund’s portfolio by the subadviser and administers the Company’s business affairs. Frontegra was organized in 1996 and is located at 400 Skokie Boulevard, Suite 500, Northbrook, Illinois 60062. William D. Forsyth III, the President of the Company and Frontegra, owns 100% of Frontegra.

A discussion regarding the Board of Directors’ basis for approving the investment advisory agreement and the interim subadvisory agreement, will be included in the Fund’s semi-annual report for the period ended December 31, 2009.

Advisory Fees. Under the investment advisory agreement, the Fund compensates Frontegra at the annual rate of 0.95% of the Fund’s average daily net assets. Pursuant to an expense cap agreement between Frontegra and the Fund, Frontegra agreed to waive its management fee and/or reimburse the Fund’s operating expenses to the extent necessary to ensure that the Fund’s total operating expenses do not exceed 0.75% of the Fund’s average daily net assets. The expense cap agreement will continue in effect, until October 31, 2010, with successive renewal terms of one year unless terminated by Frontegra or the Fund prior to any such renewal. The expense cap agreement has the effect of lowering the overall expense ratio for the Fund and increasing the Fund’s overall return to investors during the time any such amounts are waived and/or reimbursed.

Recent Events. On October 2, 2009, the Board of Directors unanimously approved the replacement of New Star Institutional Managers Limited with Mastholm as subadviser to the Fund. Effective October 12, 2009, Mastholm assumed the day-to-day investment management responsibilities for the Fund and the previous subadvisory agreement with New Star terminated. In order to avoid disruption of the Fund’s investment management program, the Board approved an interim subadvisory agreement with Mastholm pending shareholder approval of a new subadvisory agreement. In connection with the change in subadviser to the Fund, the Fund changed its name from the Frontegra New Star International Equity Fund to the Frontegra Mastholm International Equity Fund.

Mastholm. Mastholm specializes in the management of international equity investment portfolios. Mastholm is located at 601 Union Street, Suite 3720, Seattle, Washington 98101. Under the interim subadvisory agreement, Mastholm is compensated by Frontegra for its investment advisory services at the annual rate of 60% of the net advisory fee received by Frontegra, after giving effect to any fee waiver or reimbursement of Frontegra pursuant to the expense cap agreement discussed above, subject to a minimum of 0.33% of the Fund’s average daily net assets. Mastholm provides continuous advice and recommendations concerning the Fund’s investments and is responsible for selecting the broker-dealers who execute the portfolio transactions. In addition to providing investment advisory services to the Fund, Mastholm provides advice to institutional accounts, a registered investment company sub-portfolio and two institutional commingled funds. As of September 30, 2009, Mastholm had approximately U.S. \$1.4 billion under management.

Mastholm Portfolio Management Team. Mastholm’s portfolio management team is responsible for the day-to-day management of the Fund’s portfolio. All team members work together to develop investment strategies and select securities for the Fund.

Douglas R. Allen has been a Director and Portfolio Manager of Mastholm since 1999 and was an International Investment Analyst at American Century Investment Management from 1995 to 1999.

FUND MANAGEMENT *(continued)*

Andrew J. Elofson has been a Director and Portfolio Manager at Mastholm since 2005 and was an analyst at Mastholm from 2002 to 2005.

Daniel Y. Kim has been a Portfolio Manager of Mastholm since 2006 and was an analyst at Mastholm from 2004 to 2006.

Theodore J. Tyson is the Chief Investment Officer and a Portfolio Manager of Mastholm. Prior to forming Mastholm in 1997, Mr. Tyson was the founder and head of international equity at American Century Investment Management, which he joined in 1988. He has been in the investment business since 1984.

The SAI provides additional information about the Fund's portfolio managers, including other accounts they manage, their ownership of Fund shares and their compensation.

Custodian, Transfer Agent and Administrator. U.S. Bank, N.A. acts as custodian of the Fund's assets. U.S. Bancorp Fund Services, LLC serves as transfer agent for the Fund (the "Transfer Agent") and as the Fund's administrator. U.S. Bank, N.A. and U.S. Bancorp Fund Services, LLC are affiliated entities.

Distributor. Frontegra Strategies, LLC (the "Distributor"), 400 Skokie Boulevard, Suite 500, Northbrook, Illinois 60062 acts as the principal distributor of the Fund's shares. The Distributor is managed and owned by Mr. Forsyth, who also manages and owns the Fund's investment adviser, Frontegra. Accordingly, the Distributor and Frontegra are affiliates.

Payments to Financial Intermediaries. Shares of the Fund may be offered through financial intermediaries, such as fund supermarkets, or through broker-dealers who are authorized by the Distributor to sell shares of the Funds (collectively, "Financial Intermediaries"). If you purchase Fund shares through a Financial Intermediary, you may be subject to different fees or policies than those set forth in this Prospectus. From time to time, the Distributor or an affiliate may enter into arrangements with brokers or other Financial Intermediaries pursuant to which such parties agree to perform sub-transfer agent, record-keeping, administrative or other services on behalf of their clients who are shareholders of the Fund. Pursuant to these arrangements, the Distributor or an affiliate may make payments to Financial Intermediaries for services provided to clients who hold shares of the Fund through omnibus accounts. In some circumstances, the Fund may directly pay the intermediary for performing transfer agent and related services, provided that the aggregate fee does not exceed what the Fund would pay the Transfer Agent if the intermediary's clients were direct shareholders of the Fund. In addition, the Distributor or an affiliate may pay additional compensation to certain Financial Intermediaries. Under these arrangements, the Distributor or an affiliate may make payments from their own resources, and not as an additional charge to the Fund, to a Financial Intermediary to compensate it for distribution and marketing services, including the opportunity to distribute the Fund. For example, the Distributor or an affiliate may compensate Financial Intermediaries for providing the Fund with "shelf space" or access to a third party platform or fund offering list or other marketing programs, including, without limitation, inclusion of the Fund on preferred or recommended sales lists, mutual fund "supermarket" platforms, other formal sales programs and other forms of marketing support. The amount of these payments is determined from time to time by the Distributor or an affiliate and may differ among such Financial Intermediaries based upon one or more of the following factors: gross sales, current assets, the number of accounts of the Fund held by the Financial Intermediaries or other factors agreed to by the parties. The receipt of (or prospect of receiving) such compensation may provide the intermediary and its salespersons with an incentive to favor sales of Fund shares, or a particular class of those shares, over other investment alternatives. You may wish to consider whether such arrangements exist when evaluating recommendations from an intermediary.

YOUR ACCOUNT

How to Purchase Shares. Shares of the Fund are sold on a continuous basis at net asset value (“NAV”). The Fund’s NAV is determined as of the close of trading on the New York Stock Exchange (the “NYSE”) (generally 4:00 p.m., Eastern Time) on each day the NYSE is open. The NAV is determined by adding the value of the Fund’s investments, cash and other assets, subtracting the liabilities and then dividing the result by the total number of shares outstanding. Your purchase price will be the Fund’s NAV next determined after the Fund receives your request in proper form. The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Deposit in the mail or with a delivery service does not constitute receipt by the Transfer Agent. A confirmation indicating the details of the transaction will be sent to you promptly. Shares are credited to your account, but certificates are not issued. However, you will have full shareholder rights.

The Fund’s minimum initial investment is \$100,000. Subsequent investments may be made by mail or wire with a minimum subsequent investment of \$1,000. The investment minimums are waived for investments by qualified employee benefit plans. Investment minimums may also be waived or reduced at the Fund’s discretion for certain registered investment advisers, broker-dealers, fee-based programs at broker-dealers and individuals accessing accounts through registered investment advisers. The Fund reserves the right to change or waive these minimums at any time. You will be given at least 30 days’ notice of any increase in the minimum dollar amount of purchases.

Important Information about Procedures for Opening a New Account. The Company, on behalf of the Fund, is required to comply with various anti-money laundering laws and regulations. To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions, including mutual funds, to obtain, verify and record information that identifies each person who opens an account. Consequently, the Transfer Agent will verify certain information on your account application as part of the Fund’s Anti-Money Laundering Program. As requested on the application, you must supply your full name, date of birth, social security number and permanent street address. We may also ask for other identifying documents or information. Mailing addresses containing only a P.O. Box will not be accepted. Please contact the Transfer Agent at 1-888-825-2100 if you need additional assistance when completing your application.

If we do not have a reasonable belief of your identity, the account will be rejected or you will not be allowed to perform a transaction on the account until such information is received. The Fund also reserves the right to close the account within five business days if clarifying information and/or documentation is not received. If at any time the Fund detects suspicious behavior or if certain account information matches government lists of suspicious persons, the Fund may determine not to open an account, may close an existing account, may file a suspicious activity report or may take other action. Any delay in processing your order will affect the purchase price you receive for your shares. The Company and the Transfer Agent are not liable for fluctuations in NAV experienced as a result of such delays in processing.

In order to purchase shares, you must reside in a jurisdiction where Fund shares may lawfully be offered for sale. Shares of the Fund have not been registered for sale outside of the United States except to investors with United States military APO or FPO addresses. The Fund may not be sold to investors residing outside the United States and its territories, except upon evidence of compliance with the laws of the applicable foreign jurisdictions.

If you purchase shares of the Fund by check and request the redemption of such shares, payment of the redemption proceeds may be delayed for up to 12 days in order to ensure that the check has cleared. This is a security precaution only and does not affect your investment.

Initial Investment – Minimum \$100,000. You may purchase shares of the Fund by completing an application and mailing it along with a check payable to “Frontegra Funds, Inc.” to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For overnight deliveries, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. The Fund will not accept payment in cash or money orders. The Fund also does not accept cashier’s checks in amounts of less than \$10,000. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler’s checks or starter checks for the purchase of shares. The Fund is unable to accept post dated checks, post dated on-line bill pay checks, or any conditional order or payment. Purchases

YOUR ACCOUNT *(continued)*

must be made in U.S. dollars and all checks must be drawn on a U.S. bank. If your check does not clear, you will be charged a \$25 service fee. You will also be responsible for any losses suffered by the Fund as a result. In the event a shareholder is unable to make the Fund whole in such a case, Frontegra will generally be responsible for any losses, with the right to seek indemnification or contribution from other parties. All applications to purchase shares of the Fund are subject to acceptance by the Company and are not binding until so accepted. The Company reserves the right to reject an application in whole or in part.

Alternatively, you may place an order to purchase shares of the Fund through a broker-dealer or other Financial Intermediary, who may charge a transaction fee for placing orders to purchase Fund shares. It is the responsibility of the Financial Intermediary to place the order with the Fund on a timely basis. Some Financial Intermediaries may charge transaction fees to their clients or have policies or procedures that differ from those set forth in this Prospectus. Please consult your Financial Intermediary regarding fee information and procedures for purchasing and selling shares of the Fund.

Initial Investment By Wire. In addition, you may purchase shares of the Fund by wire. Instruct your bank to use the following instructions when wiring funds:

Wire to: U.S. Bank, N.A.
777 E. Wisconsin Ave.
Milwaukee, WI 53202
ABA Number 075000022

Credit: U.S. Bancorp Fund Services, LLC
Account Number 112-952-137

Further credit: Frontegra Funds, Inc.
Frontegra Mastholm International Equity Fund
(investor account number)
(name or account registration)

If you are making an initial investment in the Fund, before you wire funds, please contact the Transfer Agent by phone to make arrangements with a telephone service representative to submit your completed application via mail, overnight delivery, or facsimile. Upon receipt of your application, your account will be established and a service representative will contact you within 24 hours to provide an account number and to confirm the wiring instructions.

The Fund is not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system. Wired funds must be received prior to 4:00 p.m. Eastern time to be eligible for same day pricing.

Subsequent Investments – Minimum \$1,000. You may make additions to your account in amounts of \$1,000 or more by mail or by wire. When making an additional purchase by mail, enclose a check payable to “Frontegra Funds, Inc.” along with the additional investment form provided on the lower portion of your account statement.

Subsequent Investments By Wire. To make an additional purchase by wire, please contact the Transfer Agent to advise them of your intent to wire funds. This will ensure prompt and accurate credit upon receipt of your wire. To make an additional investment by wire, please follow the wire instructions used to open an account.

How to Redeem Shares. You may request redemption of part or all of your Fund shares at any time. The price you receive will be the NAV next determined after the Fund receives your request in proper form, subject to the redemption/exchange fee described below if the shares have been held for 30 days or less. Once your redemption request is received in proper form, the Fund normally will mail or wire your redemption proceeds the next business day and, in any event, no later than seven calendar days after receipt of a redemption request. However, where securities have been sold to generate cash for payment of a redemption, your redemption proceeds will not be paid until the first business day after the sales proceeds are received by the Fund. Also, the Fund may hold payment of your redemption proceeds until the Transfer Agent is reasonably satisfied that the purchase check has cleared, which may be up to 12 days. In addition to the redemption procedures described below, redemptions may also be made through Financial Intermediaries who may charge a commission or other transaction fee.

Written Redemption. To redeem shares in the Fund please furnish a written, unconditional request to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For written redemption requests sent via overnight delivery, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. Your request must (i) be signed exactly as the shares are registered, including the signature of each owner and (ii) specify the number of Fund shares or dollar amount to be redeemed. The Transfer Agent may request additional documentation from corporations, executors, administrators, trustees, guardians, agents or attorneys-in-fact. Redemption proceeds may be wired to a commercial bank authorized on your account. Please note that if you redeem shares by wire, you may be charged a \$15 service fee. If you have redeemed all of your shares, the wire fee would be deducted from the redemption proceeds. If you have only redeemed a portion of your account, the fee will be deducted from the remaining balance in your account. If the dollar amount requested to be redeemed is greater than the current value of your account, your entire account balance may be redeemed.

Shareholders who have an IRA or other retirement plan must indicate on their redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding.

Purchases In Kind. Shares of the Fund may be purchased “in kind,” subject to the approval of Frontegra and/or Mastholm and their determination that the securities are acceptable investments for the Fund and that they have a value that is readily ascertainable in accordance with the Fund’s valuation policies. In an in kind purchase, investors transfer securities to the Fund in exchange for Fund shares. Securities accepted by the Fund in an in kind purchase will be valued at market value. In general, an investor transferring securities for shares will recognize a gain or loss, for federal income tax purposes, on an in kind purchase of the Fund, calculated as if the investor had sold the securities for their fair market value and used the proceeds to purchase shares of the Fund.

Redemptions In Kind. The Fund reserves the right to make a “redemption in kind” (a payment in portfolio securities rather than cash) if the amount you are redeeming is in excess of the lesser of (i) \$250,000 or (ii) 1% of the Fund’s assets. In such cases, you may incur brokerage costs in converting these securities to cash.

Redemption/Exchange Fee. A redemption/exchange fee of 2.00% will be charged on shares of the Fund redeemed (including in connection with an exchange) 30 days or less from their date of purchase. The redemption/exchange fee is paid directly to the Fund and is designed to offset brokerage commissions, market impact and other costs associated with short-term trading of Fund shares. For purposes of determining whether the redemption/exchange fee applies, the shares that were held the longest will be redeemed first. The redemption/exchange fee does not apply to:

- shares purchased through certain omnibus accounts, including qualified retirement plans;
- shares acquired through dividends or capital gains investments; or
- shares redeemed because of death or disability.

YOUR ACCOUNT *(continued)*

Frontegra may, at its discretion, waive the redemption/exchange fee in the case of hardship and in other limited circumstances with respect to certain types of redemptions or exchanges that do not indicate market timing strategies.

Signature Guarantees. Signature guarantees are required in the following circumstances:

- for redemption proceeds sent to any person, address or bank account not on record;
- for requests to wire redemption proceeds (if not previously authorized on the account);
- for redemption requests submitted within 30 days of an address change;
- when establishing or modifying certain services on an account;
- when changing account ownership;
- in other situations deemed necessary by the Transfer Agent or the Fund to protect against the possibility of fraud.

A signature guarantee may be obtained from any bank, savings and loan association, credit union, brokerage firm or other eligible guarantor institution, but not a notary public.

Account Termination. Your account may be terminated by the Fund on not less than 30 days' notice if the value of the shares in an account falls below \$10,000 as a result of redemptions. Upon any such termination, a check for the redemption proceeds will be sent to the address of record within seven calendar days of the redemption.

Market Timing Policy. The Fund or Frontegra may determine from the amount, frequency and pattern of exchanges that a shareholder is engaged in excessive trading that is detrimental to the Fund or its other shareholders. Such short-term or excessive trading into and out of the Fund may harm all shareholders by disrupting investment strategies, increasing brokerage, administrative and other expenses, decreasing tax efficiency and diluting the value of shares held by long-term shareholders.

The Board of Directors of the Fund has approved policies that seek to discourage frequent purchases and redemptions and curb the disruptive effects of frequent trading (the "Market Timing Policy"). Pursuant to the Market Timing Policy, the Fund may decline to accept an application or may reject a purchase request, including an exchange, from a market timer or an investor who, in Frontegra's sole discretion, has a pattern of short-term or excessive trading or whose trading has been or may be disruptive to the Fund. In addition, the Fund reserves the right to reject any purchase, including an exchange, that could adversely affect the Fund or its operations. The Fund, Frontegra, Mastholm and their affiliates are prohibited from entering into arrangements with any shareholder or other person to permit frequent purchases and redemptions of Fund shares.

The Fund monitors and enforces the Market Timing Policy through:

- the termination of a shareholder's purchase and/or exchange privileges;
- selective monitoring of trade activity;
- the 2.00% redemption/exchange fee for redemptions or exchanges 30 days or less after purchase (determined on a first-in, first out basis);
and
- regular reports to the Board of Directors by the Fund's Chief Compliance Officer regarding any unusual trading activity.

YOUR ACCOUNT *(continued)*

Frontegra and the Distributor have entered into shareholder information agreements with Financial Intermediaries, which enable Frontegra and the Distributor to request information to assist in monitoring for excessive short-term trading activity of individual shareholders within omnibus accounts. Omnibus accounts are accounts maintained by Financial Intermediaries on behalf of multiple beneficial shareholders. In some cases, the Fund may rely on the market timing policies of Financial Intermediaries, even if those policies are different from the Fund's policy, when the Fund believes that the policies are reasonably designed to prevent excessive trading practices that are detrimental to the Fund. If inappropriate trading is detected in an omnibus account, the Fund may request that the Financial Intermediary take action to prevent the underlying shareholder from engaging in such trading and to enforce the Fund's or the Financial Intermediary's market timing policy. There may be legal and technological limitations on the ability of Financial Intermediaries to restrict the trading practices of their clients, and they may impose restrictions or limitations that are different from the Fund's policies. As a result, the Fund's ability to monitor and discourage excessive trading practices in omnibus accounts may be limited.

EXCHANGE PRIVILEGE

You may exchange your shares in any Frontegra Fund for shares in any other Frontegra Fund at any time by written request. The value of the shares to be exchanged and the price of the shares being purchased will be the NAV next determined after receipt of instructions for exchange in proper form. An exchange from one Fund to another is treated, for federal income tax purposes, as a sale of the shares to be exchanged at their NAV and a subsequent use of the sales proceeds to purchase the replacement shares, and will result in the realization of a capital gain or loss determined by reference to your adjusted basis in the shares to be exchanged and the NAV of those shares on the date of the exchange. This is not a tax-free exchange. Exchange requests should be directed to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For written exchange requests sent via overnight delivery, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207.

Exchange requests may be subject to limitations under the Market Timing Policy to ensure that the exchanges do not disadvantage the Fund or its shareholders. The Company reserves the right to modify or terminate the exchange privilege upon 60 days' written notice to each shareholder prior to the modification or termination taking effect.

If you exchange your shares in the Fund for shares in any other Frontegra Fund, you may be subject to the redemption/exchange fee described above under "Your Account—Redemption/Exchange Fee."

VALUATION OF FUND SHARES

Shares of the Fund are sold at the Fund's NAV. The NAV of the Fund is calculated using the market value of the Fund's investments and is determined as of the close of trading (generally 4:00 p.m. Eastern Time) on each day the NYSE is open for business. The Fund does not determine NAV on days the NYSE is closed. The NYSE is closed on New Year's Day, Martin Luther King, Jr. Day, President's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. The price at which a purchase order or redemption request is effected is based on the next calculation of NAV after we receive your transaction request in good order.

In determining the Fund's NAV, each equity security traded on a securities exchange, including Nasdaq, is valued at the closing price on the exchange on which the security is principally traded. Exchange-traded securities for which there were no transactions on a given day and securities not listed on a securities exchange are valued at the most recent bid price. Short-term investments maturing within 60 days are valued at amortized cost, which approximates fair value.

VALUATION OF FUND SHARES *(continued)*

Any securities or other assets for which market valuations are not readily available or are unreliable are valued at fair value as determined by Frontegra or Mastholm in good faith and in accordance with procedures approved by the Fund's Board of Directors. Consequently, the price of a security used by the Fund to calculate its NAV may differ from the quoted or published price for the same security. The Fund may use fair value pricing if, for example, trading in a particular security is halted and does not resume before the Fund calculates its NAV or the exchange on which a security is traded closes early. Fair value pricing involves subjective judgments and it is possible that the fair value determined for a security is materially different from the value that could be realized upon the sale of that security.

The Fund's securities may be listed on foreign exchanges that trade on days when the Fund does not calculate NAV. As a result, the market value of the Fund's investments may change on days when you cannot purchase or sell Fund shares. In addition, a foreign exchange may not value its listed securities at the same time that the Fund calculates its NAV. If a significant event occurs in a foreign market after the close of the exchange that may affect a security's value, such security may be valued at its fair value pursuant to the procedures discussed above. The Board of Directors may rely on the recommendations of a fair value pricing service it has retained to assist in valuing foreign securities. The fair value pricing service may employ quantitative models in determining fair value.

PORTFOLIO HOLDINGS DISCLOSURE POLICY

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the SAI.

DISTRIBUTIONS AND FEDERAL INCOME TAX TREATMENT

As with any investment, you should consider how your investment in the Fund will be taxed. If your account is not a retirement account or other tax-advantaged savings plan (or you are not otherwise exempt from income tax), you should be aware of the following tax implications.

Taxes on Distributions. The Fund intends to distribute substantially all of its investment company taxable income and net capital gain, if any, to shareholders at least annually. For federal income tax purposes, distributions from the Fund's investment company taxable income (which includes dividends, interest, the excess of any net short-term capital gains over net long-term capital loss, and net gains from foreign currency transactions), if any, generally will be taxable to you as ordinary income whether reinvested in additional Fund shares or received in cash, unless such distributions are attributable to and designated by the Fund as "qualified dividend income" (as defined in the Internal Revenue Code of 1986, as amended (the "Code")) eligible for the reduced rate of tax on long-term capital gains. Currently, the maximum rate applicable to long-term capital gains, and thus, to qualified dividend income, is set at 15%.

If the Fund designates distributions of net capital gains (the excess of net long-term capital gains over short-term capital losses) as "capital gain dividends," then such distributions will be taxable as long-term capital gains whether reinvested in additional Fund shares or received in cash and regardless of the length of time you have owned your shares. The Fund will inform shareholders of the source and tax status of all distributions promptly after the close of each calendar year.

When the Fund makes a distribution, the Fund's NAV decreases by the amount of the payment. If you purchase shares shortly before a distribution, you will, nonetheless, be subject to income taxes on the distribution, even though the value of your investment (plus cash received, if any) remains the same. The Fund expects that, because of its investment objective, its distributions will consist primarily of capital gain. All distributions will automatically be reinvested in shares of the Fund at the then prevailing NAV unless you specifically request that either distributions of investment company taxable income or net capital gains or both be paid in cash. If you elect to receive distributions in cash, and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's current NAV, and to reinvest all subsequent distributions.

DISTRIBUTIONS AND FEDERAL INCOME TAX TREATMENT

(continued)

The election to receive distributions in cash or reinvest them may be changed by writing to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For overnight deliveries, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. Such notice must be received at least five business days prior to the record date of any distribution.

Taxes on Transactions. Your redemption of Fund shares may result in a taxable gain or loss to you, depending on whether the redemption proceeds are more or less than your adjusted basis in the redeemed shares (generally, the amount you paid for the shares). As discussed above under "Exchange Privilege," an exchange of Fund shares for shares in any other Frontegra Fund generally will have similar tax consequences to a redemption of Fund shares.

Withholding. If you do not furnish the Fund with your correct Social Security Number or Taxpayer Identification Number and/or the Fund receives notification from the Internal Revenue Service requiring back-up withholding, the Fund is required by federal law to withhold federal income tax from your distributions and redemption proceeds, currently at a rate of 28% for U.S. residents.

Foreign Tax Considerations. Some foreign governments levy withholding taxes against dividend and interest income. Although in some countries a portion of these taxes is recoverable, the non-recovered portion will reduce the return on the Fund's securities. The Fund may elect to pass through to you your pro rata share of foreign income taxes paid by the Fund. The Fund will notify you if it makes such an election.

This section is not intended to be a full discussion of federal income tax laws and the effect of such laws on you. There may be other federal, state, foreign or local tax considerations applicable to a particular investor. You are urged to consult your own tax adviser.

Please see the SAI for more information about taxes.

PRIVACY POLICY

Protecting the privacy of Fund shareholders is important to us. The following is a description of the practices and policies through which the Fund maintains the confidentiality and protects the security of your non-public personal information.

What Information We Collect

In the course of providing services to you, we may collect the following types of “non-public personal information” about you:

- Information we receive from you on applications or other forms, such as your name, address and social security number, the types and amounts of investments and bank account information, and
- Information about your transactions with us, our affiliates and others, as well as other account data.

“Non-public personal information” is non-public information about you that we obtain in connection with providing a financial product or service to you, such as the information described in the above examples.

“Affiliates” include companies that act as investment advisers to Frontegra Funds, Inc. and/or are related to Frontegra Funds, Inc. through common control or ownership. Affiliates include Frontegra Asset Management, Inc., the Fund’s investment adviser, IronBridge Capital Management, L.P. and Timpani Capital Management LLC, affiliated investment advisers, Frontier Partners, Inc., a consulting/marketing firm, and Frontegra Strategies, LLC, the principal distributor of the Fund’s shares.

What Information We Disclose

We do not disclose non-public personal information about you or any of our former shareholders to anyone, except as permitted by law. We are permitted by law to share any of the information we collect, as described above, with our affiliates. In addition, in the normal course of serving shareholders, information we collect may be shared with companies that perform various services such as subadvisers, transfer agents, custodians and broker-dealers. These companies will use this information only for the services for which we hired them and as allowed by applicable law.

Confidentiality and Security Procedures

To protect your personal information, we permit access only by authorized personnel. We maintain physical, electronic and procedural safeguards to protect the confidentiality, integrity and security of your non-public personal information.

We will continue to adhere to the privacy policies and practices in this notice even after your account is closed or becomes inactive.

Additional Rights

You may have other privacy protections under applicable state laws. To the extent those state laws apply, we will comply with them with respect to your non-public personal information.
