**Investment Objective.** The investment objective of the Frontegra Netols Small Cap Value Fund (the “Fund”) is capital appreciation.

**Fees and Expenses of the Fund.** This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

	<u>Institutional</u>	<u>Class Y</u>
<b>Shareholder Fees</b>		
(fees paid directly from your investment)	NONE	NONE
Redemption Fee (as a percentage of amount redeemed, if applicable) (a service fee of \$15 will be imposed for shares redeemed by wire)	NONE	NONE
<b>Annual Fund Operating Expenses</b>		
(expenses that you pay each year as a percentage of the value of your investment)		
Management Fees	1.00%	1.00%
Distribution (12b-1) Fees	NONE	0.25%
Other Expenses <sup>(1)</sup>	<u>0.13%</u>	<u>0.28%</u>
Total Annual Fund Operating Expenses	1.13%	1.53%
Fee Waiver <sup>(2)</sup>	<u>(0.03)%</u>	<u>(0.03)%</u>
<u>Total Annual Fund Operating Expenses After Fee Waiver</u>	<u>1.10%</u>	<u>1.50%</u>

<sup>(1)</sup> “Other Expenses” of the Class Y shares include a shareholder servicing fee of 0.15%.

<sup>(2)</sup> Pursuant to an expense cap agreement between Frontegra Asset Management, Inc., the Fund’s investment adviser (“Frontegra”), and the Fund, Frontegra has contractually agreed to waive its management fee and/or reimburse the Fund’s operating expenses to the extent necessary to ensure that the Fund’s total operating expenses (excluding taxes, interest, brokerage commissions, acquired fund fees and expenses (“AFFE”) and extraordinary expenses) do not exceed 1.10% and 1.50% of the Fund’s average daily net assets for the Institutional Class and Class Y shares, respectively. The expense cap agreement will continue in effect until October 31, 2012 with successive renewal terms of one year unless terminated by Frontegra or the Company prior to any such renewal. “Other Expenses” are presented before any waivers or expense reimbursements.

**Example.** The following example is intended to help you compare the cost of investing in the shares of the Fund with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
Institutional Class	\$112	\$356	\$619	\$1,372
Class Y	\$153	\$480	\$831	\$1,821

**Portfolio Turnover.** The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. During its most recent fiscal year, the Fund had a portfolio turnover rate of 33% of the average value of its portfolio.

**Principal Investment Strategy.** The Fund normally invests at least 80% of its assets in equity securities of companies with small market capitalizations. In constructing a portfolio for the Fund, the Fund’s subadviser, Netols Asset Management, Inc. (“Netols”), selects stocks it believes are undervalued and exhibit potential “change factor” characteristics. Netols defines a small capitalization company as any company with a

market capitalization no larger than the largest company included in the Russell 2000® Value Index at the time of initial investment. As of September 30, 2011, the largest market capitalization of a company in the Russell 2000® Value Index was \$2.6 billion and the weighted average market capitalization was \$928 million.

### **Principal Investment Risks.**

*Market Risks.* The Fund's investments are subject to market risk, which may cause the value of the Fund's investments to decline. If the value of the Fund's investments goes down, the share price of the Fund will go down, and you may lose money. U.S. and international markets have experienced extreme volatility, reduced liquidity, credit downgrades, increased likelihood of default and valuation difficulties in recent years.

*Stock Selection Risks.* The stocks selected for the Fund may decline in value or not increase in value when the stock market in general is rising.

*Small Capitalization Risks.* The Fund will invest primarily in securities of companies with small market capitalizations, which are often more volatile and less liquid and have a smaller trading market than securities of larger companies. Small capitalization companies are also more susceptible to market pressures than larger companies.

*Equity Securities Risks.* Common stocks and other equity securities held by the Fund will fluctuate in value based on the earnings of the company and on general industry and market conditions, leading to fluctuations in the Fund's share price.

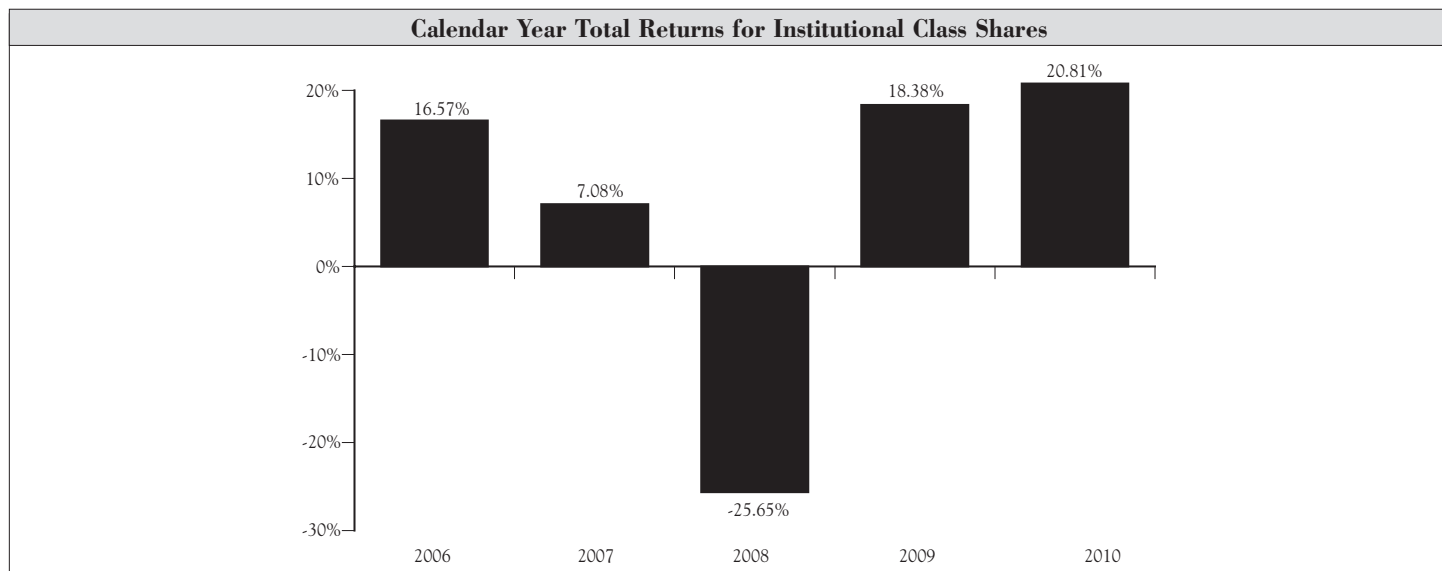

*Value Investing Risks.* Netols invests in stocks that it believes are undervalued. Value stocks may never increase in price or pay dividends, or may decline even further if the market fails to recognize the company's value.

*Management Risks.* The Fund is subject to management risk as an actively-managed investment portfolio and depends on the decisions of the portfolio manager to produce the desired results.

**Performance.** The return information provided in the following bar chart and table illustrates how the performance of the Fund can vary, which is one indication of the risks of investing in the Fund. The bar chart shows the changes in the Fund's performance from year to year. The table shows how the Fund's average annual returns compare with a broad measure of market performance. Please keep in mind that the Fund's past performance (before and after taxes) does not necessarily represent how it will perform in the future. Updated performance data will be available on the Company's website at [www.frontegra.com](http://www.frontegra.com) or by calling toll-free to 1-888-825-2100.

The Fund's return from January 1, 2011 through September 30, 2011 was (19.86)%.

**Best and Worst Quarterly Performance**  
(during the periods shown above)

Best Quarter Return	Worst Quarter Return
19.58% (2nd quarter, 2009)	(21.84)% (4th quarter, 2008)

After-tax returns are shown only for Institutional Class shares, and the after-tax returns for the Class Y shares will vary. The after-tax returns for the Fund were calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown, and after-tax returns are not relevant to investors who hold shares of the Fund through tax-deferred arrangements, such as 401(k) plans or individual retirement accounts.

**Tax Information.** The Fund's distributions are taxable, and will be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an IRA. You may be taxed later upon withdrawal of your investment from these tax-deferred accounts.

**Payments to Broker-Dealers and Other Financial Intermediaries.** If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create conflicts of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

## **PRINCIPAL INVESTMENT STRATEGY AND RELATED RISKS**

**Investment Objective.** The investment objective of the Fund is capital appreciation.

### **Principal Investment Strategy.**

Under normal market conditions, the Fund invests at least 80% of its assets, determined at the time of purchase, in equity securities of small capitalization companies. Netols defines a small capitalization company as any company with a market capitalization no larger than the largest company included in the Russell 2000® Value Index at the time of initial investment. As of September 30, 2011, the largest market capitalization of a company in the Russell 2000® Value Index was \$2.6 billion and the weighted average market capitalization was \$928 million. Shareholders will be provided with at least 60 days' notice of any change in the Fund's policy to invest at least 80% of its assets in small capitalization companies. Equity securities in which the Fund may invest include: common stocks; preferred stocks; warrants to purchase common stocks or preferred stocks; and securities convertible into common or preferred stocks, such as convertible bonds and debentures rated Baa or higher by Moody's Investors Service or BBB or higher by Standard & Poor's or Fitch Ratings.

Netols uses a small cap value investment style in selecting securities for the Fund's portfolio. Netols' security selection process begins with a stock universe of approximately 1,600 companies that are statistically undervalued and typically have a market capitalization between \$100 million and \$2.5 billion. This universe is then narrowed down to potential candidates that are evaluated for "change factor" characteristics. These characteristics include, but are not limited to, organizational, operational, financial and regulatory factors. Netols believes that, once change factors are realized, they typically lead to an increase in cash flow, earnings, EBITDA or valuations in the marketplace which tend to deliver better performance than the overall small cap market.

In addition to assessing the environment in which a company and industry operates, Netols conducts rigorous fundamental bottom-up research. Netols reviews SEC filings (such as Form 10-K, Form 10-Q, annual reports, etc.) of the companies in their research universe. Netols also utilizes a deep network of industry contacts to obtain in-depth knowledge of trends and company-specific issues.

Netols maintains a focused watch list of approximately 400 companies. These are companies that have been researched extensively and are monitored on a regular basis. From this watch list, between 60 and 80 securities are purchased for the Fund's portfolio. Those companies that provide the most appealing risk/reward characteristics are included in the Fund's portfolio. Companies are continually reviewed for relative attractiveness.

Stocks are sold when they become expensive relative to substitute holdings or when they fail to achieve the financial objectives that were anticipated when originally purchased. Additionally, as companies reach the point of full valuation, they are replaced with companies that are earlier in the process of improving their operations.

*Temporary Strategy.* The Fund may invest up to 100% of its total assets in cash and short-term fixed income securities as a temporary defensive position during adverse market, economic or political conditions, or in other limited circumstances, such as in the case of unusually large cash inflows or redemptions. When so invested, the Fund may not achieve its investment objective.

### **Principal Risk Factors.**

*Market Risks.* The Fund's investments are subject to market risk, which may cause the value of the Fund's investments to decline. If the value of the Fund's investments goes down, you may lose money. The share price of the Fund is expected to fluctuate. Your shares at redemption may be worth more or less than your initial investment. U.S. and international markets have experienced extreme volatility, reduced liquidity, credit downgrades, increased likelihood of default and valuation difficulties in recent years.

## **PRINCIPAL INVESTMENT STRATEGY AND RELATED RISKS** *(continued)*

*Stock Selection Risks.* The stocks selected for the Fund may decline in value or not increase in value when the stock market in general is rising.

*Small Capitalization Risks.* The Fund will invest primarily in securities of companies with small market capitalizations, which are often more volatile and less liquid than investments in larger companies. The frequency and volume of trading in securities of small capitalization companies may be substantially less than is typical of larger companies. Therefore, the securities of small capitalization companies may be subject to greater and more abrupt price fluctuations than larger companies. In addition, small capitalization companies may lack the management experience, financial resources and product diversification of larger companies, making them more susceptible to market pressures. Generally, the smaller the company size, the greater these risks.

*Equity Securities Risks.* The Fund invests primarily in common stocks and other equity securities. Common stocks and other equity securities generally increase or decrease in value based on the earnings of a company and on general industry and market conditions. A fund that invests a significant amount of its assets in common stocks and other equity securities is likely to have greater fluctuations in share price than a fund that invests a significant portion of its assets in fixed income securities.

*Value Investing Risks.* The Fund invests primarily in value-style stocks, stocks whose prices Netols believes are undervalued in relation to fundamental measures. Value stocks may never increase in price or pay dividends as anticipated by Netols, or may decline even further if the market fails to recognize the company's value, if the factors that Netols believes will increase the price do not occur or if a stock judged to be undervalued is actually appropriately priced.

*Management Risks.* The Fund is subject to management risk as an actively-managed investment portfolio. Netols and its portfolio manager will apply investment techniques and risk analyses in making investment decisions for the Fund, but there can be no guarantee that these will produce the desired results. If Netols is not able to select better-performing securities, the Fund may lose money.

**Who Should Invest.** The Fund is suitable for long-term investors only and is not designed as a short-term investment vehicle. The Fund may be an appropriate investment for you if you:

- Seek capital appreciation; and
- Want to include a small cap value fund in your portfolio.

**Portfolio Holdings Disclosure Policy.** A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the SAI.

## **FINANCIAL HIGHLIGHTS**

The financial highlights tables describe the Fund's financial performance for the past five fiscal years. Certain information reflects financial results for a single Fund share. The total returns in the tables represent the rate that an investor would have earned (or lost) on an investment in the Fund for the stated periods (assuming reinvestment of all distributions). The information has been audited by Ernst & Young LLP, whose report, along with the Fund's financial statements, is included in the Fund's annual report, which is available upon request.

## FUND MANAGEMENT

**Board of Directors.** Under the laws of the State of Maryland, the Board of Directors is responsible for managing the Company's business and affairs. The Board of Directors also oversees duties required by applicable state and federal law. The Company has entered into an investment advisory agreement with Frontegra pursuant to which Frontegra supervises the management of the Fund's investments and business affairs, subject to the supervision of the Company's Board of Directors. Frontegra has entered into a subadvisory agreement with Netols under which Netols serves as the Fund's portfolio manager and, subject to Frontegra's supervision, manages the Fund's portfolio. Frontegra provides office facilities for the Fund and pays the salaries, fees and expenses of all officers and directors of the Fund who are interested persons of Frontegra.

**Adviser.** The Company is managed by Frontegra, which supervises the management of the Fund's portfolio by Netols and administers the Company's business affairs. Frontegra was organized in 1996 and is located at 400 Skokie Boulevard, Suite 500, Northbrook, Illinois 60062. William D. Forsyth III, the President of the Company and Frontegra, owns 100% of Frontegra.

A discussion regarding the Board of Directors' basis for approving the investment advisory agreement and subadvisory agreement is included in the Fund's annual report for the period ended June 30, 2011.

**Advisory Fees.** Under the investment advisory agreement, the Fund compensates Frontegra at the annual rate of 1.00% of the Fund's average daily net assets. Pursuant to an expense cap agreement between Frontegra and the Fund, Frontegra agreed to waive its management fee and/or reimburse the Fund's operating expenses to the extent necessary to ensure that the Fund's total operating expenses (excluding taxes, interest, brokerage commissions, AFPE and extraordinary expenses) do not exceed 1.10% of the Fund's average daily net assets for Institutional Class shares and 1.50% of the Fund's average daily net assets for Class Y shares. The expense cap agreement will continue in effect until October 31, 2012 with successive renewal terms of one year unless terminated by Frontegra or the Company prior to any such renewal. The expense cap agreement has the effect of lowering the overall expense ratio for the Fund and increasing the Fund's overall return to investors during the time any such amounts are waived and/or reimbursed.

**Netols.** Netols is located at 1045 West Glen Oaks Lane, Suite 202, Mequon, Wisconsin 53092. Under the subadvisory agreement, Netols is compensated by Frontegra for its investment advisory services at the annual rate of 0.60% of the Fund's average daily net assets. Netols provides continuous advice and recommendations concerning the Fund's investments and is responsible for selecting the broker-dealers who execute the portfolio transactions. In addition to providing investment advisory services to the Fund, Netols serves as investment adviser to other mutual funds, pension plans, endowments, foundations and high net worth clients. As of September 30, 2011, Netols had approximately \$800 million under management.

**Portfolio Manager.** The Fund's portfolio is managed by Jeffrey W. Netols. Mr. Netols reviews and approves the analysts' recommendations and makes the final buy and sell decisions for the Fund. Mr. Netols is the founder of Netols. He has been a portfolio manager of Netols since 2000. He served as a senior portfolio manager of Putnam Investments from 1993 to 2000.

The Fund's SAI provides additional information about the Fund's portfolio manager, including other accounts managed, ownership of Fund shares and compensation.

**Custodian, Transfer Agent and Administrator.** U.S. Bank, N.A. acts as custodian of the Fund's assets. U.S. Bancorp Fund Services, LLC serves as transfer agent for the Fund (the "Transfer Agent") and as the Fund's administrator. U.S. Bank, N.A. and U.S. Bancorp Fund Services, LLC are affiliated entities.

**Distributor.** Frontegra Strategies, LLC (the "Distributor"), 400 Skokie Boulevard, Suite 500, Northbrook, Illinois 60062 acts as the principal distributor of the Fund's shares. The Distributor is managed and owned by Mr. Forsyth, who manages and owns the Fund's investment adviser, Frontegra. Accordingly, the Distributor and Frontegra are affiliates.

## PRIOR PERFORMANCE OF NETOLS

The following table shows the historical composite performance data for all of Netols' private advisory accounts which have investment objectives, policies, strategies and risks substantially similar to the Fund, known as the Netols Small Cap Value Composite (the "Composite"). The Composite includes all discretionary accounts over \$250,000 that are fully invested in the small cap value investment strategy. In addition to separate accounts and the Fund, the Composite includes the performance of two other registered investment company portfolios sub-advised by Netols during the periods presented.

The Composite is not subject to the same types of expenses to which the Fund is subject nor to the diversification requirements, specific tax restrictions and investment limitations imposed on the Fund by the Internal Revenue Code of 1986, as amended, (the "Code") and the Investment Company Act of 1940, as amended, respectively. Consequently, the performance results for the Composite could have been adversely affected if the accounts included in the Composite had been regulated under the federal securities and tax laws. The data is provided to illustrate the past performance of Netols in managing a substantially similar portfolio as measured against a specific benchmark and does not represent the performance of the Fund. You should not consider this performance data as an indication of the future performance of the Fund or Netols.

All returns presented were calculated in compliance with the Global Investment Performance Standards (GIPS®). All returns presented were calculated on a total return basis and include all dividends and interest, accrued income, if any, and realized and unrealized gains and losses. All returns reflect the deduction of investment advisory fees, if applicable, brokerage commissions and execution costs paid by the accounts included in the Composite, without provision for federal or state income taxes. Cash and cash equivalents are included in the performance returns. No leveraged positions were used. Total return is calculated monthly in accordance with the time weighted rate of return method provided for by GIPS® standards accounted for on a trade-date basis. The monthly returns are linked to derive an annual total return. GIPS® standards for calculation of total return differ from the standards required by the SEC for calculation of average annual total return.

The Composite expenses are lower than the Fund's net expenses. Accordingly, if the Fund's expenses had been deducted from the Composite's returns, the returns would be lower than those shown.

## YOUR ACCOUNT

**How to Purchase Shares.** Shares of the Fund are sold on a continuous basis at net asset value (“NAV”). The Fund’s NAV is determined as of the close of trading on the New York Stock Exchange (the “NYSE”) (generally 4:00 p.m., Eastern Time) on each day the NYSE is open. The NAV for a class of shares is determined by adding the value of the Fund’s investments, cash and other assets attributable to that class, subtracting the liabilities attributable to that class and then dividing the result by the total number of shares outstanding. Due to the fact that different expenses are charged to the Institutional Class and Class Y shares of the Fund, the NAV of the two classes may vary. Your purchase price will be the Fund’s NAV next determined after the Fund or an authorized agent, such as a fund supermarket or broker-dealer who is authorized by the Distributor or an affiliate to sell shares of the Fund (collectively, “Financial Intermediaries”), receives your request in proper form. The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Deposit in the mail or with a delivery service does not constitute receipt by the Transfer Agent. A confirmation indicating the details of the transaction will be sent to you promptly. Shares are credited to your account, but certificates are not issued. However, you will have full shareholder rights.

Investments may be made by mail or wire. The investment minimums noted above are waived for investments by qualified employee benefit plans. Investment minimums may also be waived or reduced at the Fund’s discretion for certain registered investment advisers, broker-dealers, fee-based programs at broker-dealers and individuals accessing accounts through registered investment advisers. The Fund reserves the right to change or waive these minimums at any time. You will be given at least 30 days’ notice of any increase in the minimum dollar amount of purchases.

You may purchase shares of the Fund by completing an application and mailing it along with a check payable to “Frontegra Funds, Inc.” to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For overnight deliveries, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. The Fund will not accept payment in cash or money orders. The Fund also does not accept cashier’s checks in amounts of less than \$10,000. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler’s checks or starter checks for the purchase of shares. The Fund is unable to accept post dated checks, post dated on-line bill pay checks, or any conditional order or payment. Purchases must be made in U.S. dollars and all checks must be drawn on a U.S. bank. If your check does not clear, you will be charged a \$25 service fee. You will also be responsible for any losses suffered by the Fund as a result. In the event a shareholder is unable to make the Fund whole in such a case, Frontegra will generally be responsible for any losses, with the right to seek indemnification or contribution from other parties. All applications to purchase shares of the Fund are subject to acceptance by the Company and are not binding until so accepted. The Company reserves the right to reject an application in whole or in part.

Alternatively, you may place an order to purchase shares of the Fund through a Financial Intermediary, who may charge a transaction fee for placing orders to purchase Fund shares or have policies or procedures that differ from those set forth in this Prospectus. It is the responsibility of the Financial Intermediary to place the order with the Fund on a timely basis. Please consult your Financial Intermediary regarding fee information and procedures for purchasing and selling shares of the Fund.

**Important Information about Procedures for Opening a New Account.** The Company, on behalf of the Fund, is required to comply with various anti-money laundering laws and regulations. To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions, including mutual funds, to obtain, verify and record information that identifies each person who opens an account. Consequently, the Transfer Agent will verify certain information on your account application as part of the Fund’s Anti-Money Laundering Program. As requested on the application, you must supply your full name, date of birth, social security number and permanent street address. We may also ask for other identifying documents or information. Mailing addresses containing only a P.O. Box will not be accepted. Please contact the Transfer Agent at 1-888-825-2100 if you need additional assistance when completing your application.

## **YOUR ACCOUNT** *(continued)*

If we do not have a reasonable belief of your identity, the account will be rejected or you will not be allowed to perform a transaction on the account until such information is received. The Fund also reserves the right to close the account within five business days if clarifying information and/or documentation is not received. If at any time the Fund detects suspicious behavior or if certain account information matches government lists of suspicious persons, the Fund may determine not to open an account, may close an existing account, may file a suspicious activity report or may take other action. Any delay in processing your order will affect the purchase price you receive for your shares. The Company and the Transfer Agent are not liable for fluctuations in NAV experienced as a result of such delays in processing.

In order to purchase shares, you must reside in a jurisdiction where Fund shares may lawfully be offered for sale. Shares of the Fund have not been registered for sale outside of the United States except to investors with United States military APO or FPO addresses. The Fund may not be sold to investors residing outside the United States and its territories, except upon evidence of compliance with the laws of the applicable foreign jurisdictions.

If you purchase shares of the Fund by check and request the redemption of such shares, payment of the redemption proceeds may be delayed for up to 12 days in order to ensure that the check for the investment has cleared. This is a security precaution only and does not affect your investment.

**Multiple Classes.** The Fund currently offers two different classes of shares, Institutional Class shares and Class Y shares. The different classes of shares represent investments in the same portfolio of securities but are subject to different expenses, which may affect their performance. The classes also differ with respect to their investment minimums. In addition, Class Y shares impose a Rule 12b-1 fee and shareholder servicing fee that are assessed against the assets of the Fund attributable to that class.

**Initial Investment By Wire.** In addition, you may purchase shares of the Fund by wire. Instruct your bank to use the following instructions when wiring funds:

Wire to: U.S. Bank, N.A.  
777 E. Wisconsin Ave.  
Milwaukee, WI 53202  
ABA Number 075000022

Credit to: U.S. Bancorp Fund Services, LLC  
Account Number 112-952-137

Further credit to: Frontegra Funds, Inc.  
Frontegra Netols Small Cap Value Fund  
(Class of Shares)  
(investor account number)  
(name or account registration)

If you are making an initial investment in the Fund, before you wire funds, please contact the Transfer Agent by phone to make arrangements with a telephone service representative to submit your completed application via mail, overnight delivery, or facsimile. Upon receipt of your application, your account will be established and a service representative will contact you within 24 hours to provide an account number and to confirm the wiring instructions.

## **YOUR ACCOUNT** *(continued)*

The Fund is not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system. Wired funds must be received prior to 4:00 p.m. Eastern time to be eligible for same day pricing.

**Subsequent Investments.** You may make additions to your account by mail or by wire. When making an additional purchase by mail, enclose a check payable to “Frontegra Funds, Inc.” along with the additional investment form provided on the lower portion of your account statement.

**Subsequent Investments By Wire.** To make an additional purchase by wire, please contact the Transfer Agent to advise them of your intent to wire funds. This will ensure prompt and accurate credit upon receipt of your wire. To make an additional investment by wire, please follow the wire instructions used to open an account.

**How to Redeem Shares.** You may request redemption of part or all of your Fund shares at any time. The price you receive will be the NAV next determined after the Fund receives your request in proper form. Once your redemption request is received in proper form, the Fund normally will mail or wire your redemption proceeds the next business day and, in any event, no later than seven calendar days after receipt of a redemption request. However, where securities have been sold to generate cash for payment of a redemption, your redemption proceeds will not be paid until the first business day after the sales proceeds are received by the Fund. Also, the Fund may hold payment of your redemption proceeds until the Transfer Agent is reasonably satisfied that the purchase check has cleared, which may be up to 12 days. In addition to the redemption procedures described below, redemptions may also be made through Financial Intermediaries who may charge a commission or other transaction fee.

**Written Redemption.** To redeem shares in the Fund please furnish a written, unconditional request to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For written redemption requests sent via overnight delivery, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. Your request must (i) be signed exactly as the shares are registered, including the signature of each owner and (ii) specify the number of Fund shares or dollar amount to be redeemed. The Transfer Agent may request additional documentation from corporations, executors, administrators, trustees, guardians, agents or attorneys-in-fact. Redemption proceeds may be wired to a commercial bank authorized on your account. Please note that if you redeem shares by wire, you will be charged a \$15 service fee. If you have redeemed all of your shares, the wire fee would be deducted from the redemption proceeds. If you have only redeemed a portion of your account, the fee will be deducted from the remaining balance in your account. If the dollar amount requested to be redeemed is greater than the current value of your account, your entire account balance may be redeemed.

Shareholders who have an IRA or other retirement plan must indicate on their redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% federal income tax withholding.

**Purchases In Kind.** Shares of the Fund may be purchased “in kind,” subject to the approval of Frontegra and/or Netols and their determination that the securities are acceptable investments for the Fund and that they have a value that is readily ascertainable in accordance with the Fund’s valuation policies. In an in kind purchase, investors transfer securities to the Fund in exchange for Fund shares. Securities accepted by the Fund in an in kind purchase will be valued at market value. In general, an investor transferring securities for shares will recognize a gain or loss, for federal income tax purposes, on an in kind purchase of the Fund, calculated as if the investor had sold the securities for their fair market value and used the proceeds to purchase shares of the Fund.

**Redemptions In Kind.** The Fund reserves the right to make a “redemption in kind” (a payment in portfolio securities rather than cash) if the amount you are redeeming is in excess of the lesser of (i) \$250,000 or (ii) 1% of the Fund’s assets. In such cases, you may incur brokerage costs in converting these securities to cash.

## YOUR ACCOUNT *(continued)*

**Signature Guarantees.** Signature guarantees are required in the following circumstances:

- for redemption proceeds sent to any person, address or bank account not on record;
- for requests to wire redemption proceeds (if not previously authorized on the account);
- for redemption requests submitted within 30 days of an address change;
- when changing account ownership; and
- in other situations deemed necessary by the Transfer Agent or the Fund to protect against the possibility of fraud.

A signature guarantee may be obtained from any bank, savings and loan association, credit union, brokerage firm or other eligible guarantor institution, but not a notary public. Non-financial transactions, including establishing or modifying certain services on an account, may require a signature verification from a Signature Validation Program member or other acceptable form of authentication from a financial institution source, such as notarization from commercial banks or brokerage firms.

**Account Termination.** Your account may be terminated by the Fund on not less than 30 days' notice if the value of the shares in an account falls below \$10,000 for Institutional Class shares and below \$100 for Class Y shares as a result of redemptions. Upon any such termination, a check for the redemption proceeds will be sent to the address of record within seven calendar days of the redemption.

**Market Timing Policy.** The Fund or Frontegra may determine from the amount, frequency and pattern of exchanges that a shareholder is engaged in excessive trading that is detrimental to the Fund or its other shareholders. Such short-term or excessive trading into and out of the Fund may harm all shareholders by disrupting investment strategies, increasing brokerage, administrative and other expenses, decreasing tax efficiency and diluting the value of shares held by long-term shareholders.

The Board of Directors has approved policies that seek to discourage frequent purchases and redemptions and curb the disruptive effects of frequent trading (the "Market Timing Policy"). Pursuant to the Market Timing Policy, the Fund may decline to accept an application or may reject a purchase request, including an exchange, from a market timer or an investor who, in Frontegra's sole discretion, has a pattern of short-term or excessive trading or whose trading has been or may be disruptive to the Fund. In addition, the Fund reserves the right to reject any purchase, including an exchange, that could adversely affect the Fund or its operations. The Fund, Frontegra, Netols and their affiliates are prohibited from entering into arrangements with any shareholder or other person to permit frequent purchases and redemptions of Fund shares.

The Fund monitors and enforces the Market Timing Policy through:

- the termination of a shareholder's purchase and/or exchange privileges;
- selective monitoring of trade activity; and
- regular reports to the Board of Directors by the Fund's Chief Compliance Officer regarding any unusual trading activity.

Frontegra or the Distributor have entered into shareholder information agreements with Financial Intermediaries, which enable Frontegra or the Distributor to request information to assist in monitoring for excessive short-term trading activity of individual shareholders within omnibus accounts. Omnibus accounts are accounts maintained by Financial Intermediaries on behalf of multiple beneficial shareholders. In some cases, the Fund may rely on the market timing policies of Financial Intermediaries, even if those policies are different from the Fund's policy, when the Fund believes that the policies are reasonably designed to prevent excessive trading practices that are detrimental to the Fund. If inappropriate trading is detected in an omnibus account, the Fund may request that the Financial Intermediary take action to prevent the underlying

## **YOUR ACCOUNT** *(continued)*

shareholder from engaging in such trading and to enforce the Fund's or the Financial Intermediary's market timing policy. There may be legal and technological limitations on the ability of Financial Intermediaries to restrict the trading practices of their clients, and they may impose restrictions or limitations that are different from the Fund's policies. As a result, the Fund's ability to monitor and discourage excessive trading practices in omnibus accounts may be limited.

## **DISTRIBUTION AND SERVICING ARRANGEMENTS**

Shares of the Fund may be offered through Financial Intermediaries. If you purchase Fund shares through a Financial Intermediary, you may be subject to different fees or policies than those set forth in this Prospectus.

**Rule 12b-1 Fees (Class Y Shares Only).** The Board of Directors has adopted a distribution plan pursuant to Rule 12b-1 under the 1940 Act for the Fund's Class Y shares (the "12b-1 Plan"). Pursuant to the 12b-1 Plan, the Fund pays an annual fee of up to 0.25% to the Distributor for payments to Financial Intermediaries who perform activities or incur expenses intended to result in the sale of Class Y shares of the Fund. Because these fees are paid out of the Class Y shares' assets on an ongoing basis, over time these fees will increase the cost of your investment and may cost more than paying other types of sales charges.

**Shareholder Servicing Fee (Class Y Shares Only).** Class Y shares of the Fund pay an annual shareholder servicing fee of up to 0.15% per year to the Distributor for payments to Financial Intermediaries who provide on-going account services to shareholders. This fee is paid to Financial Intermediaries for shareholder servicing activities such as record-keeping and administrative services for Class Y shareholders other than distribution services.

**Payments to Financial Intermediaries.** From time to time, the Distributor or an affiliate may enter into arrangements with brokers or other Financial Intermediaries pursuant to which such parties agree to perform sub-transfer agent, record-keeping, administrative or other services on behalf of their clients who are shareholders of the Fund. Pursuant to these arrangements, the Distributor or an affiliate may make payments to Financial Intermediaries for services provided to clients who hold shares of the Fund through omnibus accounts. In some circumstances, the Fund may directly pay the intermediary for performing transfer agent and related services, provided that the aggregate fee does not exceed what the Fund would pay the Transfer Agent if the intermediary's clients were direct shareholders of the Fund.

In addition, the Distributor or an affiliate may pay additional compensation to certain Financial Intermediaries. Under these arrangements, the Distributor or an affiliate may make payments from their own resources, and not as an additional charge to the Fund, to a Financial Intermediary to compensate it for distribution and marketing services, including the opportunity to distribute the Fund. For example, the Distributor or an affiliate may compensate Financial Intermediaries for providing the Fund with "shelf space" or access to a third party platform or fund offering list or other marketing programs, including, without limitation, inclusion of the Fund on preferred or recommended sales lists, mutual fund "supermarket" platforms, other formal sales programs and other forms of marketing support. The amount of these payments is determined from time to time by the Distributor or an affiliate and may differ among such Financial Intermediaries based upon one or more of the following factors: gross sales, current assets, the number of accounts of the Fund held by the Financial Intermediaries or other factors agreed to by the parties. These payments are in addition to any distribution or service fees payable under the 12b-1 Plan or shareholder servicing arrangement as noted above. The receipt of (or prospect of receiving) such compensation may provide the intermediary and its salespersons with an incentive to favor sales of Fund shares, or a particular class of those shares, over other investment alternatives. You may wish to consider whether such arrangements exist when evaluating recommendations from an intermediary.

## **EXCHANGE PRIVILEGE**

You may exchange all or a portion of your investment between classes or from one Frontegra Fund to another at any time by written request, if you meet the minimum investment requirements for the class and Fund into which you would like to exchange, and if the class and Fund are open to new investors. The value of the shares to be exchanged and the price of the shares being purchased will be the NAV next determined after receipt of instructions for exchange in proper form. An exchange between classes or from one Fund to another is treated, for federal income tax purposes, as a sale of the shares to be exchanged at their NAV and a subsequent use of the sales proceeds to purchase the replacement shares, and will generally result in the realization of a capital gain or loss determined by reference to your adjusted basis in the shares to be exchanged and the NAV of those shares on the date of the exchange. Exchanges are not tax-free. Exchange requests should be directed to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For written exchange requests sent via overnight delivery, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207.

Exchange requests may be subject to limitations under the Market Timing Policy to ensure that the exchanges do not disadvantage the Fund or its shareholders. The Company reserves the right to modify or terminate the exchange privilege upon 60 days' written notice to each shareholder prior to the modification or termination taking effect.

## **VALUATION OF FUND SHARES**

Shares of each class of the Fund are sold at their NAV. The NAV for each class of the Fund is calculated using the market value of the Fund's investments and is determined as of the close of trading (generally 4:00 p.m. Eastern Time) on each day the NYSE is open for business. The Fund does not determine NAV on days the NYSE is closed. The NYSE is closed on New Year's Day, Martin Luther King, Jr. Day, President's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. The price at which a purchase order or redemption request is effected is based on the next calculation of NAV after we receive your transaction request in good order.

In determining the Fund's NAV, each equity security traded on a securities exchange, including NASDAQ, is valued at the closing price on the exchange on which the security is principally traded. Exchange-traded securities for which there were no transactions on a given day are valued at the most recent bid price. Securities not listed on a securities exchange are valued at the most recent sale price. Short-term investments maturing within 60 days are valued at amortized cost, which approximates fair value.

Any securities or other assets for which market valuations are not readily available or are unreliable are valued at fair value as determined by Frontegra or Netols in good faith and in accordance with procedures approved by the Fund's Board of Directors. Consequently, the price of a security used by the Fund to calculate its NAV may differ from the quoted or published price for the same security. The Fund may use fair value pricing if, for example, trading in a particular security is halted and does not resume before the Fund calculates its NAV or the exchange on which a security is traded closes early. Fair value pricing involves subjective judgments and it is possible that the fair value determined for a security is materially different from the value that could be realized upon the sale of that security.

## **DISTRIBUTIONS AND FEDERAL INCOME TAX TREATMENT**

As with any investment, you should consider how your investment in the Fund will be taxed. If your account is not a retirement account or other tax-deferred arrangement (or you are not otherwise exempt from income tax), you should be aware of the following federal income tax implications.

## **DISTRIBUTIONS AND FEDERAL INCOME TAX TREATMENT** *(continued)*

**Taxes on Distributions.** The Fund intends to distribute substantially all of its net investment company taxable income and net capital gain, if any, to shareholders at least annually.

For federal income tax purposes, distributions from the Fund's net investment company taxable income (which includes dividends, interest, the excess of any net short-term capital gains over net long-term capital loss, and net gains from foreign currency transactions), if any, generally will be taxable to you as ordinary income whether reinvested in additional Fund shares or received in cash, unless such distributions are attributable to and reported by the Fund as "qualified dividend income" (as defined in the Code). "Qualified dividends" are currently eligible for the reduced rate of tax on long-term capital gains. Currently, the maximum rate applicable to long-term capital gains, and thus, to qualified dividend income, is set at a rate of 15% (but scheduled to increase to 20% in 2013).

If the Fund reports distributions of net capital gains (the excess of net long-term capital gains over short-term capital losses) as "capital gain distributions," then such distributions will be taxable as long-term capital gains whether reinvested in additional Fund shares or received in cash and regardless of the length of time you have owned your shares.

The Fund will inform shareholders of the source and tax status of all distributions after the close of each calendar year.

When the Fund makes a distribution, the Fund's NAV decreases by the amount of the payment. If you purchase shares shortly before a distribution, you will, nonetheless, be subject to income taxes on the distribution, even though the value of your investment (plus cash received, if any) remains the same. The Fund expects that, because of its investment objective, its distributions will consist primarily of capital gain. All distributions will automatically be reinvested in shares of the Fund at the then prevailing NAV unless you specifically request that either distributions of net investment company taxable income or net capital gains or both be paid in cash. If you elect to receive distributions in cash, and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's current NAV, and to reinvest all subsequent distributions.

The election to receive distributions in cash or reinvest them may be changed by writing to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For overnight deliveries, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. Such notice must be received at least five business days prior to the record date of any distribution.

**Taxes on Sales, Redemptions and Exchanges.** Your sale or redemption of Fund shares will generally result in a taxable capital gain or loss to you, depending on whether the sale or redemption proceeds, including in kind proceeds, are more or less than your adjusted basis in the sold or redeemed shares (generally, the amount you paid for the shares). Generally, the capital gain or loss will be long-term if you have held your Fund shares for more than one year and short-term if you have held your Fund shares for one year or less. Any capital loss arising from the sale or redemption of Fund shares held for six months or less, however, is treated as a long-term capital loss to the extent of any amounts treated as distributions of net capital gain received on such shares. As discussed above under "Exchange Privilege," an exchange of Fund shares for shares in any other Frontegra Fund generally will have similar tax consequences to a redemption of Fund shares.

**Withholding.** Except in cases of certain exempt shareholders, including most corporations, if you do not furnish the Fund with your correct Social Security Number or Taxpayer Identification Number and/or the Fund receives notification from the Internal Revenue Service requiring back-up withholding, the Fund is required by federal law to withhold federal income tax from your distributions and redemption proceeds, currently at a rate of 28% for U.S. residents (but scheduled to increase to 31% in 2013).

This section is not intended to be a full discussion of federal income tax laws and the effect of such laws on you. There may be other federal, state or local tax considerations applicable to a particular investor. You are urged to consult your own tax adviser.

## **PRIVACY POLICY**

Protecting the privacy of Fund shareholders is important to us. The following is a description of the practices and policies through which the Fund maintains the confidentiality and protects the security of your non-public personal information.

### **What Information We Collect**

In the course of providing services to you, we may collect the following types of “non-public personal information” about you:

- Information we receive from you on applications or other forms, such as your name, address and social security number, the types and amounts of investments and bank account information, and
- Information about your transactions with us, our affiliates and others, as well as other account data.

“Non-public personal information” is non-public information about you that we obtain in connection with providing a financial product or service to you, such as the information described in the above examples.

“Affiliates” include companies that act as investment advisers to Frontegra Funds, Inc. and/or are related to Frontegra Funds, Inc. through common control or ownership. Affiliates include the Fund’s investment adviser, Frontegra Asset Management, Inc., Timpani Capital Management LLC, an affiliated investment adviser, Frontier Partners, Inc., a consulting/marketing firm, and Frontegra Strategies, LLC, the principal distributor of the Fund’s shares.

### **What Information We Disclose**

We do not disclose non-public personal information about you or any of our former shareholders to anyone, except as permitted by law. We are permitted by law to share any of the information we collect, as described above, with our affiliates. In addition, in the normal course of serving shareholders, information we collect may be shared with companies that perform various services such as subadvisers, transfer agents, custodians and broker-dealers. These companies will use this information only for the services for which we hired them and as allowed by applicable law.

### **Confidentiality and Security Procedures**

To protect your personal information, we permit access only by authorized personnel. We maintain physical, electronic and procedural safeguards to protect the confidentiality, integrity and security of your non-public personal information.

We will continue to adhere to the privacy policies and practices in this notice even after your account is closed or becomes inactive.

### **Additional Rights**

You may have other privacy protections under applicable state laws. To the extent those state laws apply, we will comply with them with respect to your non-public personal information.

Additional information regarding the Company and the Fund is included in the SAI, which has been filed with the SEC. The SAI is incorporated into this Prospectus by reference and therefore is legally part of this Prospectus. Further information about the Fund's investments is available in the Company's annual and semi-annual reports to shareholders. The Company's annual report provides a discussion of the market conditions and investment strategies that significantly affected the Fund's performance during the last fiscal year.
