Frontegra IronBridge Small Cap Fund

Frontegra IronBridge SMID Fund

Class Y Shares

Institutional Class Shares

On March 25, 2010, the Board of Directors of Frontegra Funds, Inc. (the “Company”), on behalf of the Frontegra IronBridge Small Cap Fund, Frontegra IronBridge SMID Fund and Frontegra IronBridge Global Focus Fund (the “Acquired Funds”), approved the reorganization of the Acquired Funds into, respectively, the IronBridge Frontegra Small Cap Fund, IronBridge Frontegra SMID Fund and IronBridge Frontegra Global Focus Fund (the “Acquiring Funds”), newly-created series of IronBridge Funds, Inc. The Acquiring Funds will have the same or substantially similar investment objectives, policies, strategies and restrictions as the Acquired Funds.

IronBridge Capital Management, L.P. (“IronBridge”) currently serves as the investment adviser to the Frontegra IronBridge Small Cap Fund and Frontegra IronBridge SMID Fund under an interim advisory agreement, and will continue to serve as the investment adviser following the reorganization pending approval of a new advisory agreement by shareholders of these Funds. IronBridge currently serves as investment adviser to the Frontegra IronBridge Global Focus Fund, and will continue to serve as the investment adviser following the reorganization.

Under the terms of the Agreement and Plan of Reorganization approved by the Board of Directors, each Acquired Fund will transfer all of its assets to the corresponding Acquiring Fund in exchange solely for shares of the Acquiring Fund (the “Acquiring Fund Shares”) issued to the Acquired Fund, and the assumption by the Acquiring Fund of all of the liabilities of the Acquired Fund. Each Acquired Fund will then distribute, pro rata, to its shareholders of record, all of the Acquiring Fund Shares received by the Acquired Fund in complete liquidation and termination of the Acquired Fund as a series of the Company.

As a result of the reorganization, each shareholder of an Acquired Fund will become a shareholder of the corresponding Acquiring Fund and will receive Acquiring Fund Shares having an aggregate net asset value equal to the aggregate net asset value of the shareholder’s Acquired Fund shares as of the close of business on the closing date of the reorganization. It is expected that the reorganization will be treated as a tax-free reorganization for federal tax purposes. Shareholders of the Acquired Funds may wish to consult their tax advisers regarding possible tax consequences of the reorganization, including possible state and local tax consequences.

The reorganization requires the approval of the shareholders of each Acquired Fund. Assuming shareholders of each Acquired Fund approve the reorganization, the reorganization is expected to close in July 2010. Shareholders of record will receive a Prospectus/Proxy Statement which describes in detail the Acquiring Funds and the terms of the reorganization.

Additionally, the Board of Directors approved the closing of the Class Y shares of the Frontegra IronBridge SMID Fund. As of April 1, 2010, Class Y shares of the Frontegra IronBridge SMID Fund will no longer be offered.

On February 24, 2010, the Board of Directors (the “Board”) of Frontegra Funds, Inc. (the “Company”) unanimously approved the replacement of Frontegra Asset Management, Inc. (“Frontegra”) with IronBridge Capital Management, L.P. (“IronBridge”) as the primary investment adviser to the Frontegra IronBridge Small Cap Fund and Frontegra IronBridge SMID Fund (the “IronBridge Funds”), effective as of the opening of business on March 1, 2010. IronBridge has been serving as subadviser to the IronBridge Funds since their inception and will continue the day-to-day investment management responsibilities for the IronBridge Funds as the primary investment adviser. Frontegra had previously notified the Board that it wished to resign as the investment adviser to the IronBridge Funds and that IronBridge wished to become the successor primary investment adviser to the IronBridge Funds as mutually agreed to by Frontegra and IronBridge.

As a result of Frontegra’s resignation, the investment advisory agreement between Frontegra and the Company, with respect to the IronBridge Funds only (the “Frontegra Advisory Agreement”), and the subadvisory agreement between Frontegra and IronBridge will terminate effective March 1, 2010. In order to avoid disruption of the IronBridge Funds’ investment management program, the Board unanimously approved an interim investment advisory agreement between the Company, on behalf of the IronBridge Funds, and IronBridge (the “Interim Advisory Agreement”) in accordance with Rule 15a-4 under the Investment Company Act of 1940, as amended (the “1940 Act”), to be effective March 1, 2010 upon termination of the Frontegra Advisory Agreement.

Additionally, the Board unanimously approved a new investment advisory agreement between the Company, on behalf of the IronBridge Funds, and IronBridge (the “New Advisory Agreement”), subject to approval by shareholders of the IronBridge Funds at a special meeting to be held later this year. Additional details regarding the special meeting will be contained in a proxy statement to be mailed to the IronBridge Funds’ shareholders in advance of the meeting.

The IronBridge Funds’ investment objectives, principal investment strategies and investment policies will remain the same. Under the Interim and New Advisory Agreements, IronBridge will receive the same compensation Frontegra would have received from the IronBridge Funds as investment adviser under the Frontegra Advisory Agreement. The Board also approved a new expense cap/reimbursement agreement between the Company, on behalf of the IronBridge Funds, and IronBridge (the “New Expense Cap Agreement”), which will keep the IronBridge Funds’ expenses at the same levels as provided under the existing expense cap/reimbursement agreement with Frontegra. Under the New Expense Cap Agreement, to become effective on March 1, 2010 upon the implementation of the Interim Advisory

Agreement, IronBridge will agree to limit the Frontegra IronBridge Small Cap Fund's total operating expenses to 1.10% of such Fund's daily net assets and will agree to limit the Frontegra IronBridge SMID Fund's total operating expenses to 0.95% and 1.35% of such Fund's daily net assets for Institutional Class shares and Class Y shares, respectively.

In connection with the appointment of IronBridge as the principal investment adviser to the IronBridge Funds, the Board also approved a subadministration agreement pursuant to which Frontegra would be retained by IronBridge to provide certain compliance and administrative services to the IronBridge Funds.

This supplement should be retained with your Prospectus for future reference.

THE FUNDS AT A GLANCE

THE FRONTEGRA IRONBRIDGE SMALL CAP FUND

Investment Objective. The IronBridge Small Cap Fund seeks capital appreciation.

Principal Investment Strategy. The IronBridge Small Cap Fund invests, under normal conditions, at least 80% of its assets in equity securities of companies with small market capitalizations. For this purpose, the Fund's subadviser, IronBridge Capital Management, L.P. ("IronBridge"), defines a small capitalization company as any company with a market capitalization less than or equal to the largest market capitalization of any company in the Russell 2000® Index.

THE FRONTEGRA IRONBRIDGE SMID FUND

Investment Objective. The IronBridge SMID Fund seeks capital appreciation.

Principal Investment Strategy. The IronBridge SMID Fund invests, under normal conditions, at least 80% of its assets in equity securities of companies with small-to-medium market capitalizations. For this purpose, a small-to-medium capitalization company has a market capitalization of between \$100 million and \$10 billion at the time of purchase. In constructing a portfolio for each Fund, IronBridge selects stocks using the "Cash Flow Return on Investment" methodology, a valuation model that uses cash flow rather than traditional accounting measures such as earnings and book value to identify attractively-priced companies. As a result of this methodology, the Fund invests primarily in both growth and value-style stocks.

Principal Risk Factors. The main risks of investing in the Funds are:

Market Risks. Each Fund's investments are subject to market risk, which may cause the value of the Fund's investments to decline. If the value of the Fund's investments goes down, you may lose money. The share price of each Fund is expected to fluctuate. Your shares at redemption may be worth more or less than your initial investment.

Stock Selection Risks. The stocks selected for the Funds may decline in value or not increase in value when the stock market in general is rising.

Liquidity Risks. Liquidity risk is the risk that certain securities may be difficult or impossible to sell at the time and price that IronBridge would like to sell. IronBridge may have to lower the price, sell other securities instead or forego an investment opportunity, any of which could have a negative effect on each Fund's management or performance. As noted below, recent market conditions have caused the markets for some of the securities in which the Funds invest to experience reduced liquidity.

Equity Securities Risks. Each Fund invests primarily in common stocks and other equity securities. Common stocks and other equity securities generally increase or decrease in value based on the earnings of a company and on general industry and market conditions. A fund that invests a significant amount of its assets in common stocks and other equity securities is likely to have greater fluctuations in share price than a fund that invests a significant portion of its assets in fixed income securities.

Management Risks. Each Fund is actively managed by IronBridge using the "Cash Flow Return on Investment" valuation methodology. There is no guarantee that this methodology or other investment techniques used by IronBridge will produce the desired results.

Growth and Value Investing Risks. Each Fund invests primarily in both growth and value-style stocks. Investors often expect growth companies to increase their earnings at a certain rate. Failures by such companies to meet these expectations may result in sharp declines in the prices of these stocks, even if earnings do increase. In addition, growth stocks typically lack the dividend yield that can cushion stock

THE FUNDS AT A GLANCE *(continued)*

prices in market downturns. Value stocks may never increase in price or pay dividends as anticipated by IronBridge, or may decline even further if the market fails to recognize the company's value, if the factors that IronBridge believes will increase the price do not occur or if a stock judged to be undervalued is actually appropriately priced.

Small and Medium Cap Risks. The IronBridge Small Cap Fund invests primarily in small-capitalization stocks and the IronBridge SMID Fund invests primarily in small to medium-capitalization stocks. Securities of companies with small and medium market capitalizations are often more volatile and less liquid than investments in larger companies. The frequency and volume of trading in securities of smaller companies may be substantially less than is typical of larger companies. Therefore, the securities of smaller companies may be subject to greater and more abrupt price fluctuations. In addition, smaller companies may lack the management experience, financial resources and product diversification of larger companies, making them more susceptible to market pressures. Generally, the smaller the company size, the greater these risks.

Recent Market Conditions

During 2008 and 2009, U.S. and international markets have experienced dramatic volatility. The securities markets have experienced substantially lower valuations, reduced liquidity, price volatility, credit downgrades, increased likelihood of default and valuation difficulties. As a result, many of the above risks may be increased. The U.S. government has taken various steps to alleviate these market concerns. However, there is no assurance that such actions will be successful. Continuing market problems may have adverse effects on the Funds.

Who Should Invest. The Funds are suitable for long-term investors only and are not designed as short-term investment vehicles.

The IronBridge Small Cap Fund may be an appropriate investment for you if you:

- Seek capital appreciation; and
- Want to include a small-cap core fund in your portfolio.

The IronBridge SMID Fund may be an appropriate investment for you if you:

- Seek capital appreciation; and
- Want to include a small-to mid-cap core fund in your portfolio.

Example

The following example is intended to help you compare the cost of investing in the Funds with the cost of investing in other mutual funds. The example assumes that you invest \$10,000 in a Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year, that your dividends and distributions have been reinvested, that the Fund's operating expenses remain the same each year and that Frontegra's fee waiver/expense reimbursement discussed above will not continue beyond October 31, 2010. Although your actual costs may be higher or lower, based on these assumptions, your costs would be as follows:

<u>Fund</u>	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
IronBridge Small Cap Fund	\$112	\$348	\$603	\$1,334

PRINCIPAL INVESTMENT STRATEGY

Under normal market conditions, the IronBridge Small Cap Fund invests at least 80% of its assets, determined at the time of purchase, in equity securities of small-capitalization companies, defined as companies with a market capitalization of less than or equal to the largest market capitalization of any company in the Russell 2000® Index at the time of investment. Under normal market conditions, the IronBridge SMID Fund invests at least 80% of its assets, determined at the time of purchase, in equity securities of small-to-medium capitalization companies, defined as companies with a market capitalization of between \$100 million and \$10 billion at the time of the Fund's investment. Shareholders will be provided with at least 60 days' notice of any change in a Fund's policy with respect to investing at least 80% of its assets in small- or small-to-medium capitalization companies, respectively. Equity securities in which a Fund may invest include: common stocks; preferred stocks; warrants to purchase common stocks or preferred stocks; and securities convertible into common or preferred stocks, such as convertible bonds and debentures rated Baa or higher by Moody's Investors Service or BBB or higher by Standard & Poor's or Fitch Ratings.

Each Fund may invest up to 100% of its total assets in cash and short-term fixed income securities as a temporary defensive position during adverse market, economic or political conditions, or in other limited circumstances, such as in the case of unusually large cash inflows or redemptions. When so invested, the Fund may not achieve its investment objective.

INVESTMENT PROCESS – IRONBRIDGE SMALL CAP FUND

As a small-cap core fund, the Fund invests in both value and growth stocks as a result of the IronBridge methodology. In selecting stocks for the Fund, IronBridge utilizes an economic return methodology, a valuation model that uses cash flow rather than traditional accounting measures such as earnings and book value to identify attractively priced companies. The first phase in the decision-making process involves screening a broad equity universe of 3,500 small-cap stocks to determine which look most promising based on analysis of several key determinants of success, such as capital investments, credit worthiness and sales momentum. From there, IronBridge evaluates approximately 600 companies, with a focus on each company's stage in its life cycle and the level, trend and sustainability of economic returns. This results in a potential buy list of 200 well-managed companies which are further evaluated to determine which stocks are most attractively priced. Following additional analysis of accounting numbers, financial statement data and recent corporate news, IronBridge arrives at a target price for each stock and makes risk reward comparisons between all of the potential holdings. The portfolio is generally constructed from the 120 to 150 issues with close attention paid to the Russell 2000® Index sector weightings. Stocks are sold or positions are reduced when they reach the target price, when there is a significant change in the cash flow return on investment trend, or when a position reaches 5% of the Fund's net assets.

FUND MANAGEMENT

Board of Directors. Under the laws of the State of Maryland, the Board of Directors of the Company (the “Board of Directors”) is responsible for managing the Company’s business and affairs. The Board of Directors also oversees duties required by applicable state and federal law. The Company has entered into an investment advisory agreement with Frontegra pursuant to which Frontegra supervises the management of the Funds’ investments and business affairs, subject to the supervision of the Company’s Board of Directors. Frontegra has entered into a subadvisory agreement with IronBridge under which IronBridge serves as the Small Cap and SMID Funds’ portfolio manager and, subject to Frontegra’s supervision, manages each Fund’s portfolio assets. Frontegra provides office facilities for the Funds and pays the salaries, fees, and expenses of all officers and directors of the Funds who are interested persons of Frontegra.

Adviser. The Company is managed by Frontegra, which supervises the management of each Fund’s portfolio by the subadviser and administers the Company’s business affairs. Frontegra was organized in 1996 and is located at 400 Skokie Boulevard, Suite 500, Northbrook, Illinois 60062. William D. Forsyth III, the President of the Company and Frontegra, owns 100% of Frontegra.

A discussion regarding the Board of Directors’ basis for approving the investment advisory agreement and subadvisory agreement will be included in the Funds’ semi-annual report for the period ended December 31, 2009.

Advisory Fees. Under the investment advisory agreement, the IronBridge Small Cap Fund compensates Frontegra at the annual rate of 1.00% of the Fund’s average daily net assets and the IronBridge SMID Fund compensates Frontegra at the annual rate of 0.85% of the Fund’s average daily net assets. Pursuant to an expense cap agreement between Frontegra and the Company, Frontegra has agreed to waive its management fee and/or reimburse each Fund’s operating expenses to the extent necessary to ensure that the IronBridge Small Cap Fund’s total operating expenses do not exceed 1.10% of the Fund’s average daily assets and the IronBridge SMID Fund’s total operating expenses do not exceed 1.35% of the Fund’s average daily net assets for Class Y shares and 0.95% of the Fund’s average daily assets for Institutional Class shares. The expense cap agreement will continue in effect, until October 31, 2010, with successive renewal terms of one year unless terminated by Frontegra or the Company prior to any such renewal. The expense cap agreement has the effect of lowering the overall expense ratio for each Fund and increasing each Fund’s overall return to investors during the time any such amounts are waived and/or reimbursed.

IronBridge. IronBridge is located at 1 Parkview Plaza, Suite 600, Oakbrook Terrace, Illinois 60181. IronBridge provides continuous advice and recommendations concerning each Fund’s investments and is responsible for selecting the broker-dealers who execute the portfolio transactions. In addition to providing investment advisory services to the Funds, IronBridge serves as investment adviser to pension plans, endowments, foundations and high net worth clients. IronBridge also serves as the investment adviser to the Frontegra IronBridge Global Focus Fund, a series of the Company that is not included in this prospectus. As of September 30, 2009, IronBridge had approximately \$7.4 billion under management.

Under the subadvisory agreement, IronBridge is compensated by Frontegra for its investment advisory services at the following rates:

<u>Fund</u>	<u>Net Assets</u>	<u>Subadvisory Fee</u>
Small Cap Fund	\$200,000,000 or less over \$200,000,000	0.40% of average daily net assets 60% of the net fee received by Frontegra*
SMID Fund	\$100,000,000 or less over \$100,000,000	0.35% of average daily net assets 60% of the net fee received by Frontegra*

* After giving effect to any fee waiver or reimbursement by Frontegra pursuant to an expense cap agreement.

Mr. Madden was a consultant with Accenture from 1998 to 2000. Mr. Faber and Mr. Madden review and approve the analysts’ recommendations and make the final buy and sell decisions for the Funds.

YOUR ACCOUNT

How to Purchase Shares. Shares of the Funds are sold on a continuous basis at net asset value (“NAV”). Each Fund’s NAV is determined as of the close of trading on the New York Stock Exchange (the “NYSE”) (generally 4:00 p.m., Eastern Time) on each day the NYSE is open. The NAV is determined by adding the value of a Fund’s investments, cash and other assets, subtracting the liabilities and then dividing the result by the total number of shares outstanding. Due to the fact that different expenses are charged to the Institutional Class and Class Y shares of the Funds, the NAV of the two classes may vary. Your purchase price will be the Fund’s NAV next determined after the Fund receives your request in proper form. The Funds do not consider the U.S. Postal Service or other independent delivery services to be its agents. Deposit in the mail or with a delivery service does not constitute receipt by the Transfer Agent. A confirmation indicating the details of the transaction will be sent to you promptly. Shares are credited to your account, but certificates are not issued. However, you will have full shareholder rights.

Minimum Initial and Subsequent Investments.

	Minimum Initial Investments	Minimum Subsequent Investments
Class Y	\$1,000	\$50
Institutional Class/Common Shares	\$100,000	\$1,000

Investments may be made by mail or wire. The investment minimums are waived for investments by qualified employee benefit plans. Investment minimums may also be waived or reduced at the Funds’ discretion for certain registered investment advisers, broker-dealers, fee-based programs at broker-dealers and individuals accessing accounts through registered investment advisers. The Funds reserve the right to change or waive these minimums at any time. You will be given at least 30 days’ notice of any increase in the minimum dollar amount of purchases.

You may purchase shares of the Funds by completing an application and mailing it along with a check payable to “Frontegra Funds, Inc.” to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For overnight deliveries, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. The Funds will not accept payment in cash or money orders.

YOUR ACCOUNT *(continued)*

The Funds also do not accept cashier's checks in amounts of less than \$10,000. To prevent check fraud, the Funds will not accept third party checks, Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares. The Funds are unable to accept post dated checks, post dated on-line bill pay checks, or any conditional order or payment. Purchases must be made in U.S. dollars and all checks must be drawn on a U.S. bank. If your check does not clear, you will be charged a \$25 service fee. You will also be responsible for any losses suffered by a Fund as a result. In the event a shareholder is unable to make the Fund whole in such a case, Frontegra will generally be responsible for any losses, with the right to seek indemnification or contribution from other parties. All applications to purchase shares of the Funds are subject to acceptance by the Company and are not binding until so accepted. The Company reserves the right to reject an application in whole or in part.

Alternatively, you may place an order to purchase shares of the Funds through financial intermediaries, such as fund supermarkets, or through broker-dealers who are authorized by the Distributor to sell shares of the Funds (collectively, "Financial Intermediaries"), who may charge a transaction fee for placing orders to purchase Fund shares. It is the responsibility of the Financial Intermediary to place the order with the Fund on a timely basis. Some Financial Intermediaries may charge transaction fees to their clients or have policies or procedures that differ from those set forth in this Prospectus. Please consult your Financial Intermediary regarding fee information and procedures for purchasing and selling shares of the Funds.

The IronBridge Small Cap Fund is currently closed to new investors. When closed, the IronBridge Small Cap Fund will generally not allow new investors to purchase shares of the Fund. However, existing shareholders may continue to purchase Fund shares, including through the automatic reinvestment of dividends. In addition, new accounts may be established by existing clients and employees of IronBridge, subject to the approval of Frontegra. At the discretion of the Board of Directors, the IronBridge Small Cap Fund may open to new investors at a later date.

Important Information about Procedures for Opening a New Account. The Company, on behalf of the Funds, is required to comply with various anti-money laundering laws and regulations. To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions, including mutual funds, to obtain, verify and record information that identifies each person who opens an account. Consequently, the Transfer Agent will verify certain information on your account application as part of the Funds' Anti-Money Laundering Program. As requested on the application, you must supply your full name, date of birth, social security number and permanent street address. We may also ask for other identifying documents or information. Mailing addresses containing only a P.O. Box will not be accepted. Please contact the Transfer Agent at 1-888-825-2100 if you need additional assistance when completing your application.

If we do not have a reasonable belief of your identity, the account will be rejected or you will not be allowed to perform a transaction on the account until such information is received. The Funds also reserve the right to close the account within five business days if clarifying information and/or documentation is not received. If at any time a Fund detects suspicious behavior or if certain account information matches government lists of suspicious persons, the Fund may determine not to open an account, may close an existing account, may file a suspicious activity report or may take other action. Any delay in processing your order will affect the purchase price you receive for your shares. The Company and the Transfer Agent are not liable for fluctuations in NAV experienced as a result of such delays in processing.

In order to purchase shares, you must reside in a jurisdiction where Fund shares may lawfully be offered for sale. Shares of the Funds have not been registered for sale outside of the United States except to investors with United States military APO or FPO addresses. The Fund may not be sold to investors residing outside the United States and its territories, except upon evidence of compliance with the laws of the applicable foreign jurisdictions.

If you purchase shares of a Fund by check and request the redemption of such shares, payment of the redemption proceeds may be delayed for up to 12 days in order to ensure that the check has cleared. This is a security precaution only and does not affect your investment.

YOUR ACCOUNT *(continued)*

Multiple Classes. The IronBridge SMID Fund currently offers two different classes of shares, Class Y shares and Institutional Class shares. The different classes of shares represent investments in the same portfolio of securities but are subject to different expenses, which may affect their performance. The classes also differ with respect to their investment minimums. In addition, Class Y shares impose a Rule 12b-1 fee and shareholder servicing fee that are assessed against the assets of the Fund attributable to that class.

Initial Investment By Wire. In addition, you may purchase shares of the Funds by wire. Instruct your bank to use the following instructions when wiring funds:

Wire to: U.S. Bank, N.A.
777 E. Wisconsin Ave.
Milwaukee, WI 53202
ABA Number 075000022

Account Number 112-952-137

Further credit: Frontegra Funds, Inc.

(investor account number)
(name or account registration)

If you are making an initial investment in a Fund, before you wire funds, please contact the Transfer Agent by phone to make arrangements with a telephone service representative to submit your completed application via mail, overnight delivery, or facsimile. Upon receipt of your application, your account will be established and a service representative will contact you within 24 hours to provide an account number and to confirm the wiring instructions.

The Funds are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system. Wired funds must be received prior to 4:00 p.m. Eastern time to be eligible for same day pricing.

Subsequent Investments. You may make additions to your account by mail or by wire. When making an additional purchase by mail, enclose a check payable to "Frontegra Funds, Inc." along with the additional investment form provided on the lower portion of your account statement.

Subsequent Investments By Wire. To make an additional purchase by wire, please contact the Transfer Agent to advise them of your intent to wire funds. This will ensure prompt and accurate credit upon receipt of your wire. To make an additional investment by wire, please follow the wire instructions used to open an account.

How to Redeem Shares. You may request redemption of part or all of your Fund shares at any time. The price you receive will be the NAV next determined after a Fund receives your request in proper form. Once your redemption request is received in proper form, the Fund normally will mail or wire your redemption proceeds the next business day and, in any event, no later than seven calendar days after receipt of a redemption request. However, where securities have been sold to generate cash for payment of a redemption, your redemption proceeds will not be paid until the first business day after the sales proceeds are received by a Fund. Also, the Funds may hold payment of your redemption proceeds until the Transfer Agent is reasonably satisfied that the purchase check has cleared, which may be up to 12 days. In addition to the redemption procedures described below, redemptions may also be made through Financial Intermediaries who may charge a commission or other transaction fee.

YOUR ACCOUNT *(continued)*

Written Redemption. To redeem shares in a Fund please furnish a written, unconditional request to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For written redemption requests sent via overnight delivery, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. Your request must (i) be signed exactly as the shares are registered, including the signature of each owner and (ii) specify the number of Fund shares or dollar amount to be redeemed. The Transfer Agent may request additional documentation from corporations, executors, administrators, trustees, guardians, agents or attorneys-in-fact. Redemption proceeds may be wired to a commercial bank authorized on your account. Please note that if you redeem shares by wire, you may be charged a \$15 service fee. If you have redeemed all of your shares, the wire fee would be deducted from the redemption proceeds. If you have only redeemed a portion of your account, the fee will be deducted from the remaining balance in your account. If the dollar amount requested to be redeemed is greater than the current value of your account, your entire account balance may be redeemed.

Shareholders who have an IRA or other retirement plan must indicate on their redemption request whether or not to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding.

Purchases In Kind. Shares of each Fund may be purchased “in kind,” subject to the approval of Frontegra and/or IronBridge and their determination that the securities are acceptable investments for a Fund and that they have a value that is readily ascertainable in accordance with a Fund’s valuation policies. In an in kind purchase, investors transfer securities to a Fund in exchange for Fund shares. Securities accepted by a Fund in an in kind purchase will be valued at market value. In general, an investor transferring securities for shares will recognize a gain or loss, for federal income tax purposes, on an in kind purchase of a Fund, calculated as if the investor had sold the securities for their fair market value and used the proceeds to purchase shares of a Fund.

Redemptions In Kind. Each Fund reserves the right to make a “redemption in kind” (a payment in portfolio securities rather than cash) if the amount you are redeeming is in excess of the lesser of (i) \$250,000 or (ii) 1% of the Fund’s assets. In such cases, you may incur brokerage costs in converting these securities to cash.

Signature Guarantees. Signature guarantees are required in the following circumstances:

- for redemption proceeds sent to any person, address or bank account not on record;
- for requests to wire redemption proceeds (if not previously authorized on the account);
- for redemption requests submitted within 30 days of an address change;
- when establishing or modifying certain services on an account;
- when changing account ownership;
- in other situations deemed necessary by the Transfer Agent or the Funds to protect against the possibility of fraud.

A signature guarantee may be obtained from any bank, savings and loan association, credit union, brokerage firm or other eligible guarantor institution, but not a notary public.

Account Termination. Your account may be terminated by the Fund on not less than 30 days’ notice if the value of the shares in an account falls below \$10,000 for Institutional Class or common shares and below \$100 for Class Y shares as a result of redemptions. Upon any such termination, a check for the redemption proceeds will be sent to the address of record within seven calendar days of the redemption.

YOUR ACCOUNT *(continued)*

Market Timing Policy. The Funds or Frontegra may determine from the amount, frequency and pattern of exchanges that a shareholder is engaged in excessive trading that is detrimental to a Fund or its other shareholders. Such short-term or excessive trading into and out of a Fund may harm all shareholders by disrupting investment strategies, increasing brokerage, administrative and other expenses, decreasing tax efficiency and diluting the value of shares held by long-term shareholders.

The Board of Directors of the Funds has approved policies that seek to discourage frequent purchases and redemptions and curb the disruptive effects of frequent trading (the “Market Timing Policy”). Pursuant to the Market Timing Policy, a Fund may decline to accept an application or may reject a purchase request, including an exchange, from a market timer or an investor who, in Frontegra’s sole discretion, has a pattern of short-term or excessive trading or whose trading has been or may be disruptive to the Fund. In addition, the Fund reserves the right to reject any purchase, including an exchange, that could adversely affect the Fund or its operations. The Funds, Frontegra, IronBridge and their affiliates are prohibited from entering into arrangements with any shareholder or other person to permit frequent purchases and redemptions of Fund shares.

Each Fund monitors and enforces the Market Timing Policy through:

- the termination of a shareholder’s purchase and/or exchange privileges;
- selective monitoring of trade activity; and
- regular reports to the Board of Directors by the Funds’ Chief Compliance Officer regarding any unusual trading activity.

Frontegra and the Distributor have entered into shareholder information agreements with Financial Intermediaries, which enable Frontegra and the Distributor to request information to assist in monitoring for excessive short-term trading activity of individual shareholders within omnibus accounts. Omnibus accounts are accounts maintained by Financial Intermediaries on behalf of multiple beneficial shareholders. In some cases, the Funds may rely on the market timing policies of Financial Intermediaries, even if those policies are different from the Funds’ policy, when the Funds believe that the policies are reasonably designed to prevent excessive trading practices that are detrimental to the Funds. If inappropriate trading is detected in an omnibus account, the Funds may request that the Financial Intermediary take action to prevent the underlying shareholder from engaging in such trading and to enforce the Funds’ or the Financial Intermediary’s market timing policy. There may be legal and technological limitations on the ability of Financial Intermediaries to restrict the trading practices of their clients, and they may impose restrictions or limitations that are different from the Funds’ policies. As a result, the Funds’ ability to monitor and discourage excessive trading practices in omnibus accounts may be limited.

DISTRIBUTION ARRANGEMENTS

Shares of the Funds may be offered through Financial Intermediaries. If you purchase Fund shares through a Financial Intermediary, you may be subject to different fees or policies than those set forth in this Prospectus.

Rule 12b-1 Fees (Class Y Shares Only). The Board of Directors has adopted a distribution plan pursuant to Rule 12b-1 under the 1940 Act for the IronBridge SMID Fund’s Class Y shares (the “12b-1 Plan”). Pursuant to the 12b-1 Plan, the IronBridge SMID Fund pays an annual fee of up to 0.25% to the Distributor for payments to Financial Intermediaries who perform activities or incur expenses intended to result in the sale of Class Y shares of the IronBridge SMID Fund. Because these fees are paid out of the Class Y shares’ assets on an ongoing basis, over time these fees will increase the cost of your investment and may cost more than paying other types of sales charges.

Shareholder Servicing Fee (Class Y Shares Only). Class Y shares of the IronBridge SMID Fund pay an annual shareholder servicing fee of up to 0.15% per year to the Distributor for payments to Financial Intermediaries who provide on-going account services to shareholders. Those

DISTRIBUTION ARRANGEMENTS *(continued)*

services include establishing and maintaining shareholder accounts, mailing prospectuses, account statements and other Fund documents to shareholders, processing shareholder transactions, answering shareholder inquiries and providing other personal services to shareholders.

Payments to Financial Intermediaries. From time to time, the Distributor or an affiliate may enter into arrangements with brokers or other Financial Intermediaries pursuant to which such parties agree to perform sub-transfer agent, record-keeping, administrative or other services on behalf of their clients who are shareholders of the Funds. Pursuant to these arrangements, the Distributor or an affiliate may make payments to Financial Intermediaries for services provided to clients who hold shares of the Funds through omnibus accounts. In some circumstances, the Funds may directly pay the intermediary for performing transfer agent and related services, provided that the aggregate fee does not exceed what the Funds would pay the Transfer Agent if the intermediary's clients were direct shareholders of the Funds. In addition, the Distributor or an affiliate may pay additional compensation to certain Financial Intermediaries. Under these arrangements, the Distributor or an affiliate may make payments from their own resources, and not as an additional charge to a Fund, to a Financial Intermediary to compensate it for distribution and marketing services, including the opportunity to distribute the Funds. For example, the Distributor or an affiliate may compensate Financial Intermediaries for providing the Funds with "shelf space" or access to a third party platform or fund offering list or other marketing programs, including, without limitation, inclusion of the Funds on preferred or recommended sales lists, mutual fund "supermarket" platforms, other formal sales programs and other forms of marketing support. The amount of these payments is determined from time to time by the Distributor or an affiliate and may differ among such Financial Intermediaries based upon one or more of the following factors: gross sales, current assets, the number of accounts of a Fund held by the Financial Intermediaries or other factors agreed to by the parties. These payments are in addition to any distribution or service fees payable under the 12b-1 Plan or shareholder servicing arrangement as noted above. The receipt of (or prospect of receiving) such compensation may provide the intermediary and its salespersons with an incentive to favor sales of Fund shares, or a particular class of those shares, over other investment alternatives. You may wish to consider whether such arrangements exist when evaluating recommendations from an intermediary.

EXCHANGE PRIVILEGE

You may exchange all or a portion of your investment from the same class of one Frontegra Fund to another at any time by written request. You may also exchange between classes of a Fund or other Frontegra Funds if you meet the minimum investment requirements for the class into which you would like to exchange. The value of the shares to be exchanged and the price of the shares being purchased will be the NAV next determined after receipt of instructions for exchange in proper form. An exchange between classes or from one Fund to another is treated, for federal income tax purposes, as a sale of the shares to be exchanged at their NAV and a subsequent use of the sales proceeds to purchase the replacement shares, and will result in the realization of a capital gain or loss determined by reference to your adjusted basis in the shares to be exchanged and the NAV of those shares on the date of the exchange. Exchanges are not tax-free. Exchange requests should be directed to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For written exchange requests sent via overnight delivery, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207.

Exchange requests may be subject to limitations under the Market Timing Policy to ensure that the exchanges do not disadvantage a Fund or its shareholders. The Company reserves the right to modify or terminate the exchange privilege upon 60 days' written notice to each shareholder prior to the modification or termination taking effect.

VALUATION OF FUND SHARES

Shares of each class of a Fund are sold at their NAV. The NAV for each class of a Fund is calculated using the market value of the Fund's investments and is determined as of the close of trading (generally 4:00 p.m. Eastern Time) on each day the NYSE is open for business. The Funds do not determine NAV on days the NYSE is closed. The NYSE is closed on New Year's Day, Martin Luther King, Jr. Day, President's Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. The price at which a purchase order or redemption request is effected is based on the next calculation of NAV after we receive your transaction request in good order.

In determining a Fund's NAV, each equity security traded on a securities exchange, including Nasdaq, is valued at the closing price on the exchange on which the security is principally traded. Exchange-traded securities for which there were no transactions on a given day and securities not listed on a securities exchange are valued at the most recent bid price. Short-term investments maturing within 60 days are valued at amortized cost, which approximates fair value.

Any securities or other assets for which market valuations are not readily available or are unreliable are valued at fair value as determined by Frontegra or IronBridge in good faith and in accordance with procedures approved by the Funds' Board of Directors. Consequently, the price of a security used by a Fund to calculate its NAV may differ from the quoted or published price for the same security. A Fund may use fair value pricing if, for example, trading in a particular security is halted and does not resume before the Fund calculates its NAV or the exchange on which a security is traded closes early. Fair value pricing involves subjective judgments and it is possible that the fair value determined for a security is materially different from the value that could be realized upon the sale of that security.

PORTFOLIO HOLDINGS DISCLOSURE POLICY

A description of the Funds' policies and procedures with respect to the disclosure of each Fund's portfolio securities is available in the SAI.

DISTRIBUTIONS AND FEDERAL INCOME TAX TREATMENT

As with any investment, you should consider how your investment in a Fund will be taxed. If your account is not a retirement account or other tax-advantaged savings plan (or you are not otherwise exempt from income tax), you should be aware of the following tax implications.

Taxes on Distributions. Each Fund intends to distribute substantially all of its investment company taxable income and net capital gain, if any, to shareholders at least annually. For federal income tax purposes, distributions from a Fund's investment company taxable income (which includes dividends, interest, the excess of any net short-term capital gains over long-term capital loss, and net gains from foreign currency transactions), if any, generally will be taxable to you as ordinary income whether reinvested in additional Fund shares or received in cash, unless such distributions are attributable to and designated by the Fund as "qualified dividend income" (as defined in the Internal Revenue Code of 1986, as amended (the "Code")) eligible for the reduced rate of tax on long-term capital gains. Currently, the maximum rate applicable to long-term capital gains, and thus, to qualified dividend income, is set at 15%.

If a Fund designates distributions of net capital gains (the excess of net long-term capital gains over short-term capital losses) as "capital gain dividends," then such distributions will be taxable as long-term capital gains whether reinvested in additional Fund shares or received in cash and regardless of the length of time you have owned your shares. Each Fund will inform shareholders of the source and tax status of all distributions promptly after the close of each calendar year.

When a Fund makes a distribution, the Fund's NAV decreases by the amount of the payment. If you purchase shares shortly before a distribution, you will, nonetheless, be subject to income taxes on the distribution, even though the value of your investment (plus cash received, if

FRONTEGRA FUNDS

any) remains the same. Each Fund expects that, because of its respective investment objective, its distributions will consist primarily of capital gain. All distributions will automatically be reinvested in shares of the Fund at the then prevailing NAV unless you specifically request that either distributions of investment company taxable income or net capital gains or both be paid in cash. If you elect to receive distributions in cash, and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's current NAV, and to reinvest all subsequent distributions.

The election to receive distributions in cash or reinvest them may be changed by writing to: Frontegra Funds, Inc., c/o U.S. Bancorp Fund Services, LLC, P.O. Box 701, Milwaukee, Wisconsin 53201-0701. For overnight deliveries, please use 615 East Michigan Street, Third Floor, Milwaukee, Wisconsin 53202-5207. Such notice must be received at least five business days prior to the record date of any distribution.

Taxes on Transactions. Your redemption of Fund shares may result in a taxable gain or loss to you, depending on whether the redemption proceeds are more or less than your adjusted basis in the redeemed shares (generally, the amount you paid for the shares). As discussed above under "Exchange Privilege," an exchange of Fund shares for shares in any other Frontegra Fund generally will have similar tax consequences to a redemption of Fund shares.

Withholding. If you do not furnish a Fund with your correct Social Security Number or Taxpayer Identification Number and/or the Fund receives notification from the Internal Revenue Service requiring back-up withholding, the Fund is required by federal law to withhold federal income tax from your distributions and redemption proceeds, currently at a rate of 28% for U.S. residents.

This section is not intended to be a full discussion of federal income tax laws and the effect of such laws on you. There may be other federal, state or local tax considerations applicable to a particular investor. You are urged to consult your own tax adviser.

Please see the SAI for more information about taxes.
